THE 1975 ZELO BEGAN WITH THE
IDEA TO CAPTURE THE BIG AND
LITTLE EVENTS WHICH MADE THIS YEAR
UNIQUE. WE GREW, WE FELL, AND
WE BEGAN ALL OVER AGAIN. OUR
JOURNEY IS NOW COMPLETE.

We develop new ideas as our time here is short. Each day we begin with an open mind, hoping it will grow into a new dimension. We then can look forward to tomorrow and see the highway we will be approaching. The difficulties will come but because of our new prospect we will overcome this and go on. The journey is just beginning.

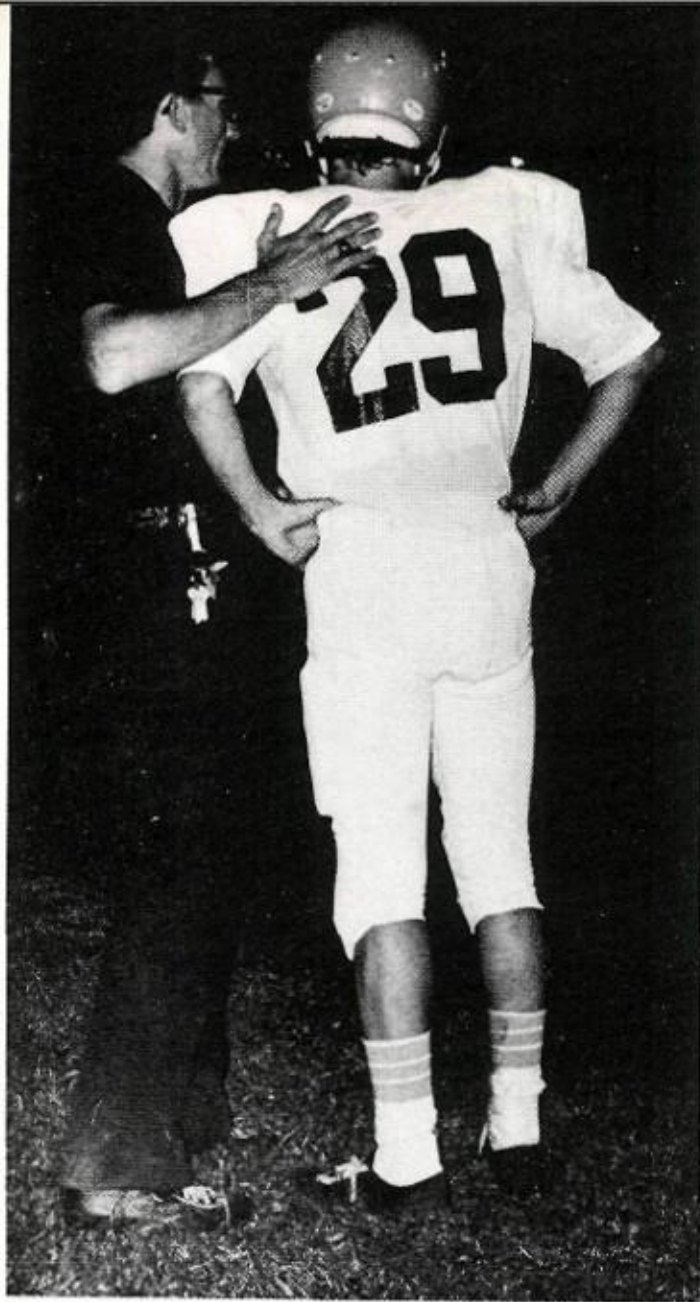

*WITH A NEW MIND, I
CAN NOW DEVELOP
INTO
THE PERSON CALLED
"ME."*

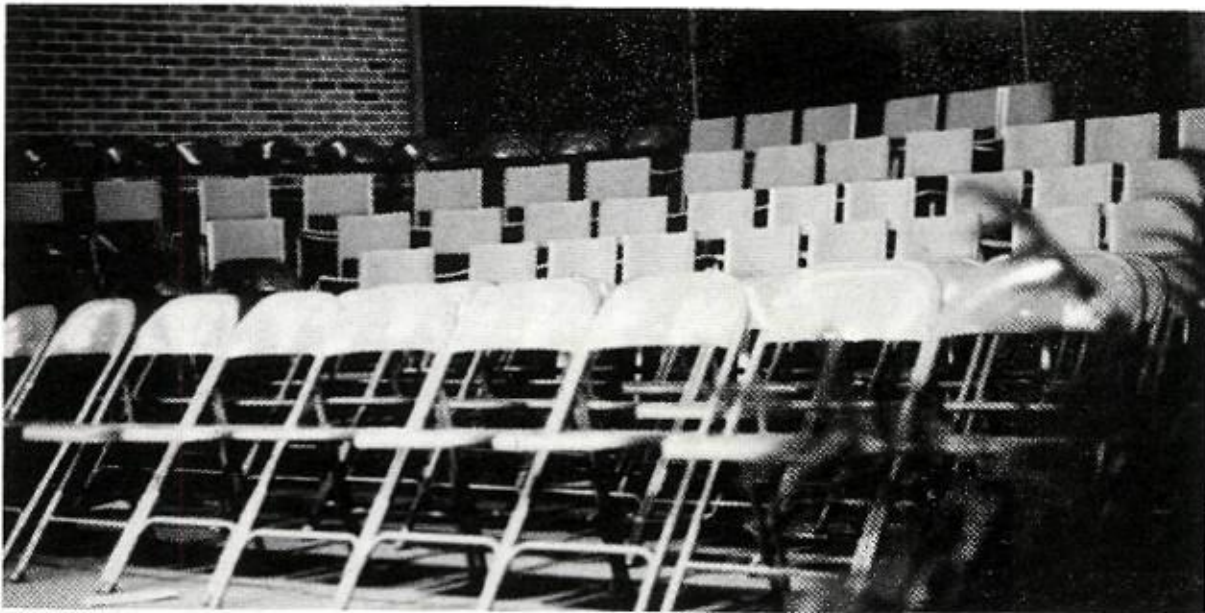

The day I realized that others do exist, and the universe is one big thing with a lot of little things, was the day I saw you for you and me for me. Acceptance was a big thing I wanted most. But before anything else, I had to accept myself—the good and the bad—I had to accept. We're on our way—

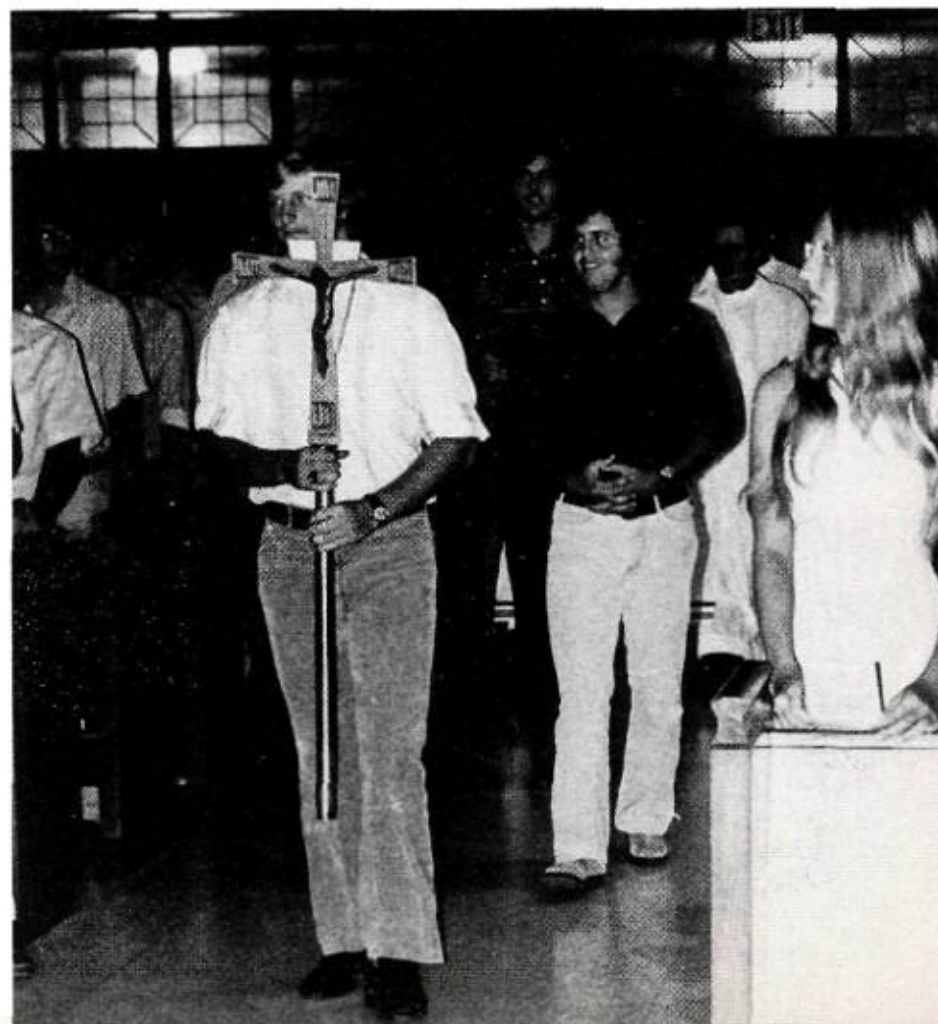

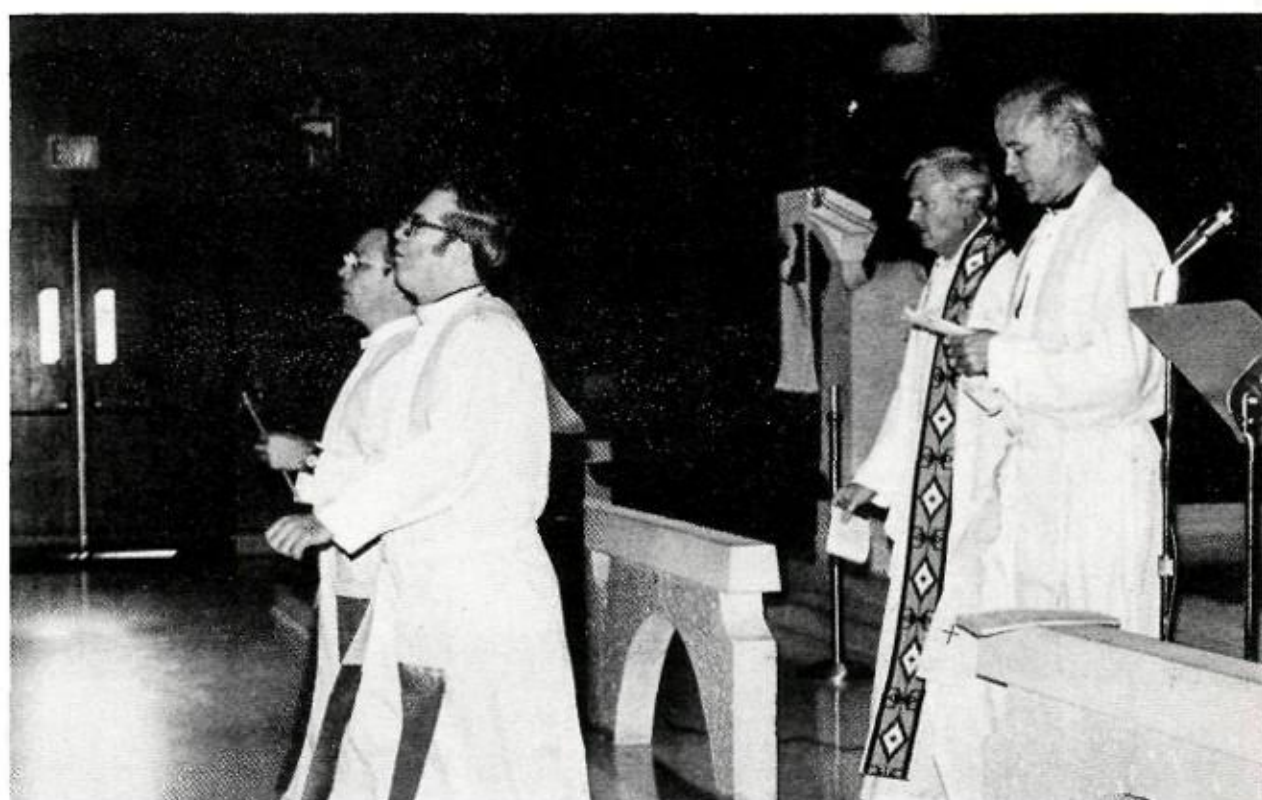

*INDIVIDUALITY CAN
ONLY BE
MEASURED BY
ACCEPTANCE
OF OURSELVES FIRST*

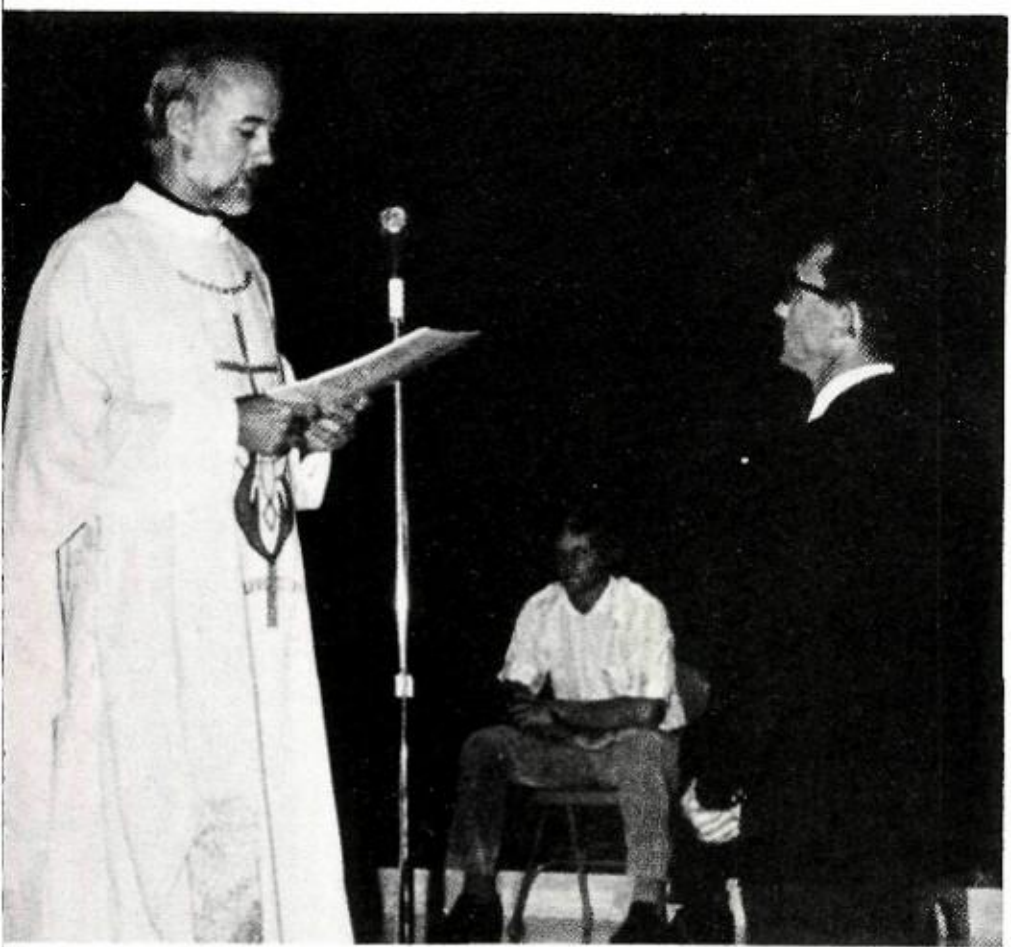

WE SEE GOD THROUGH CARMEL WORSHIP

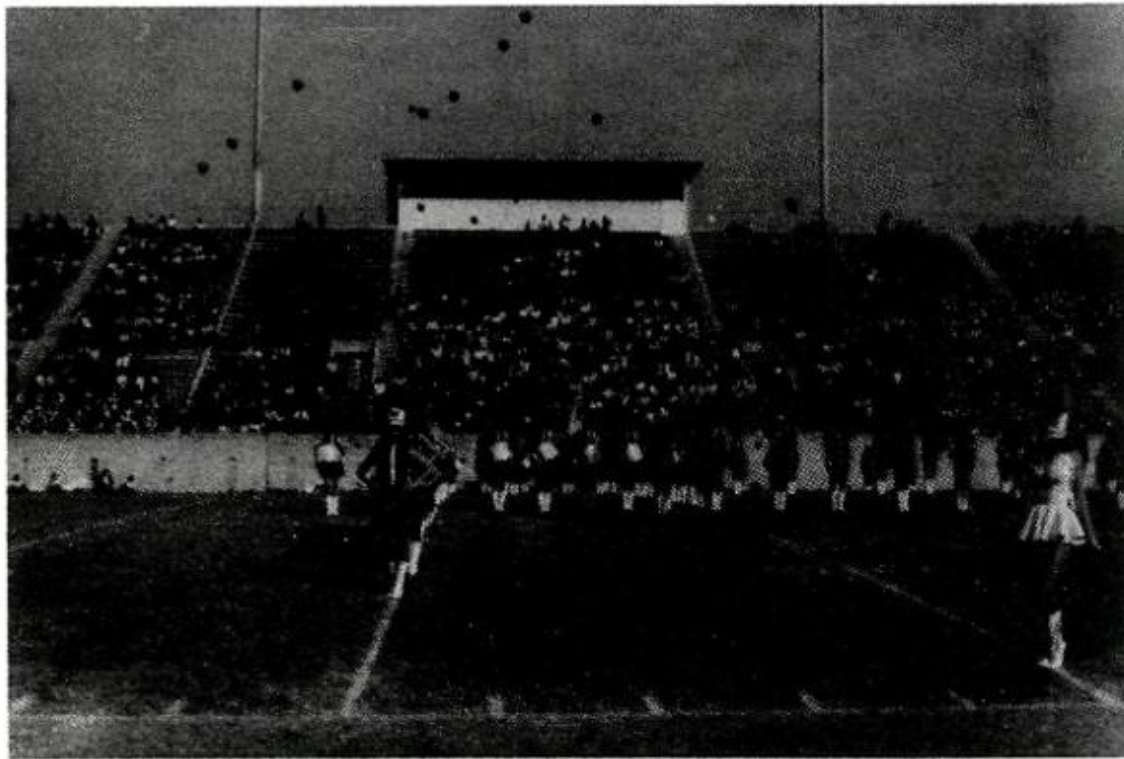

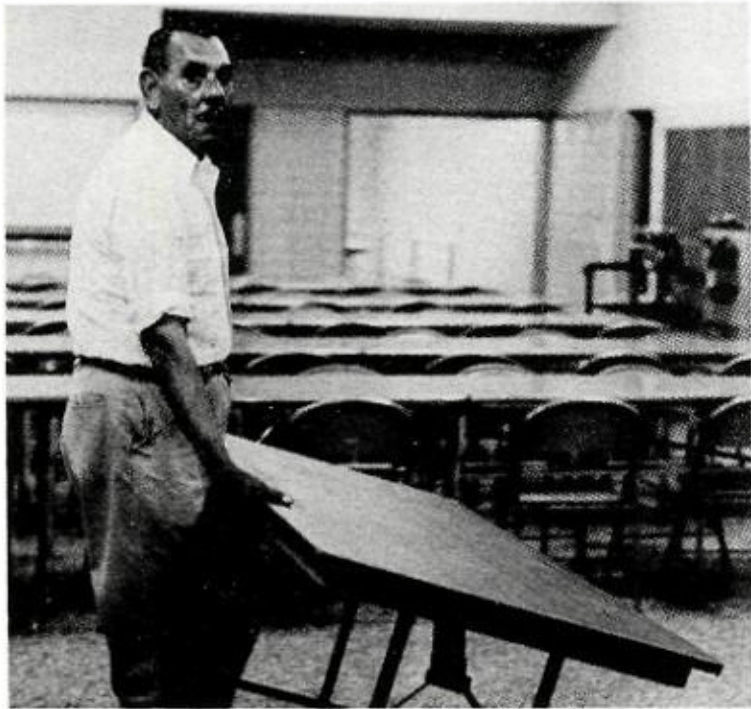

Coming together united as one group—one student body. The mass gathers the student body together to worship and thank God for the many things He has done for us. TOP RT: Fr. Clyde, celebrant, welcomes the students to the Thanksgiving Mass. MID RT: The church lights up with spirit as the celebrants recess from the altar. BT LT: At the Christmas Mass the chorale leads the procession with Christmas carols. BT RT: Senior boys, Mark Ross, Jerry Blystone, and John Noey, proceed in at the beginning of Mass.

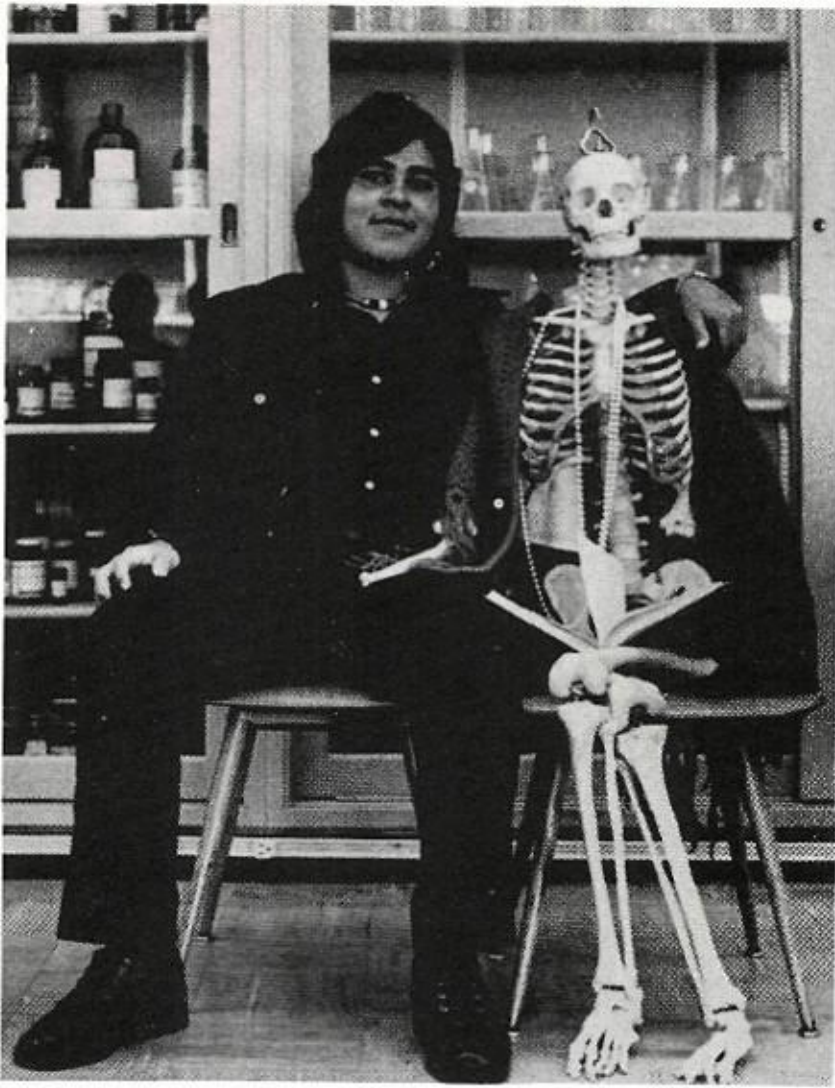

TOP LEFT: Fr. Paul brings to life the idea of being alive. MID LEFT: Fr. David welcomes all to the opening of the '74-'75 school year. MID RT: Fr. David tells how each one of us has a specific role in our school year. BT: Coach Speer is installed by Fr. David as Extraordinary Minister of the Eucharist.

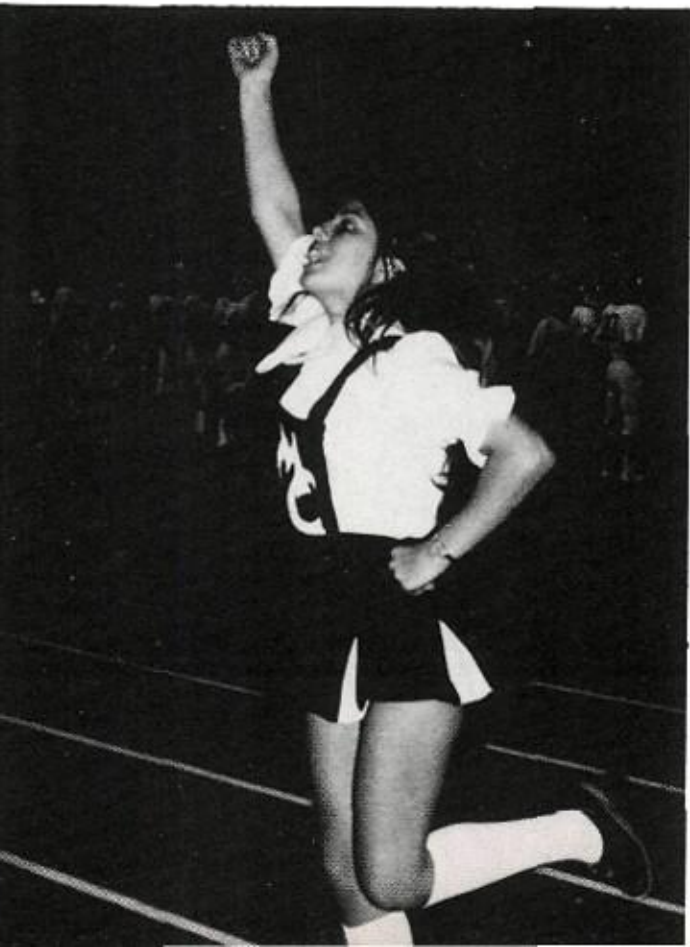

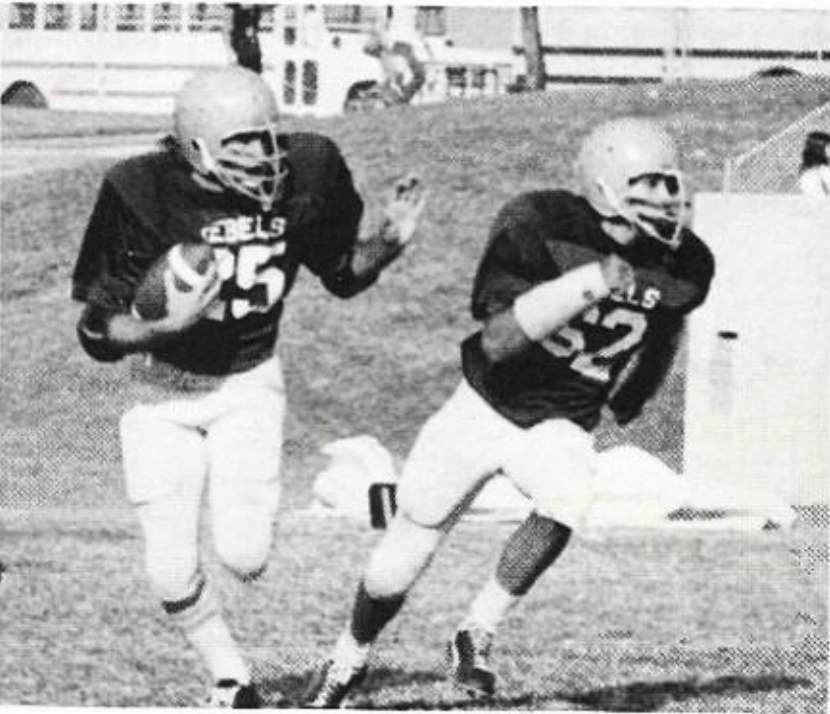

From the start to the finish, going out of ourselves to help others, each person has the right to grow and develop. The choice is ours to take. We'll always have this but when a golden opportunity slips by it is no one's fault but ours. Right or wrong we must take it, stride and continue our journey. The road is long but we'll get there.

*THE TIME IS NOW
TO SHOOT FOR THE
STARS IN THE
FAR DISTANCE*

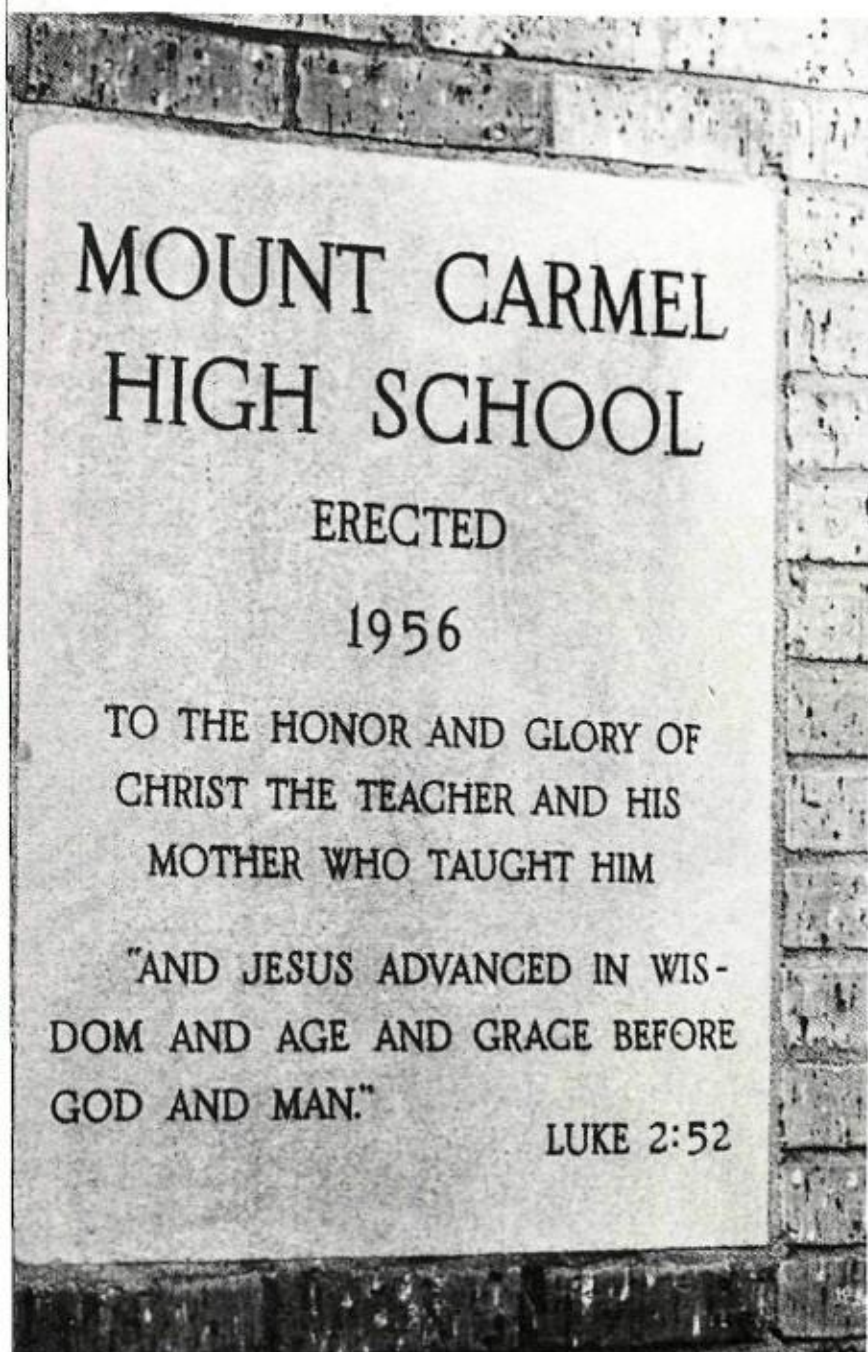

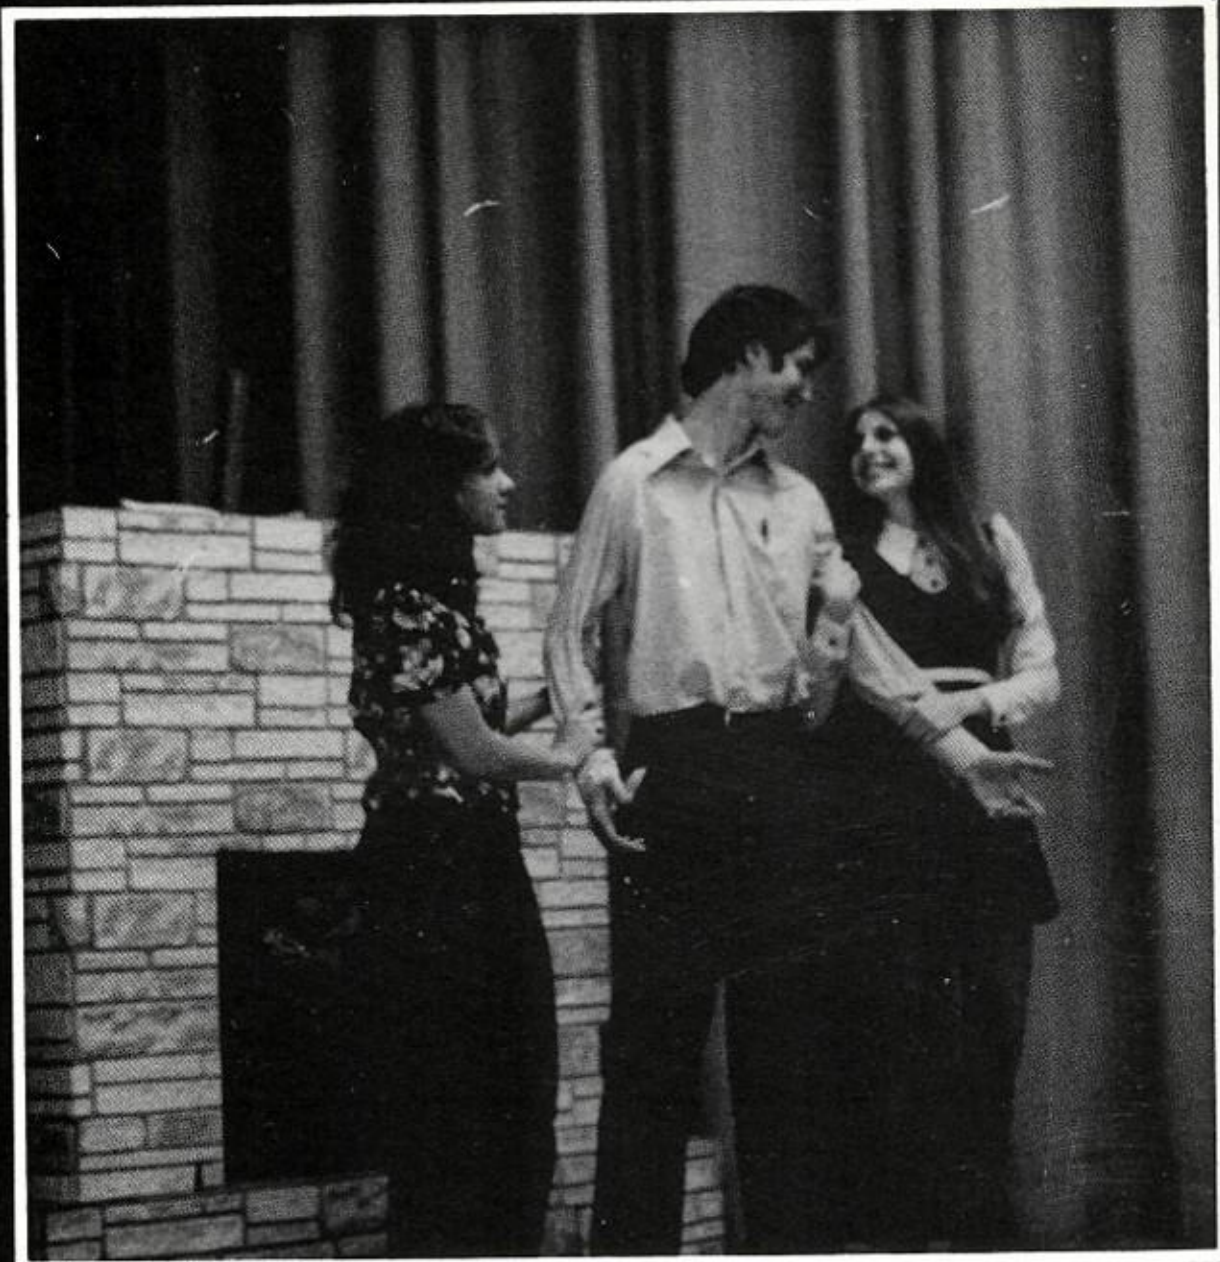

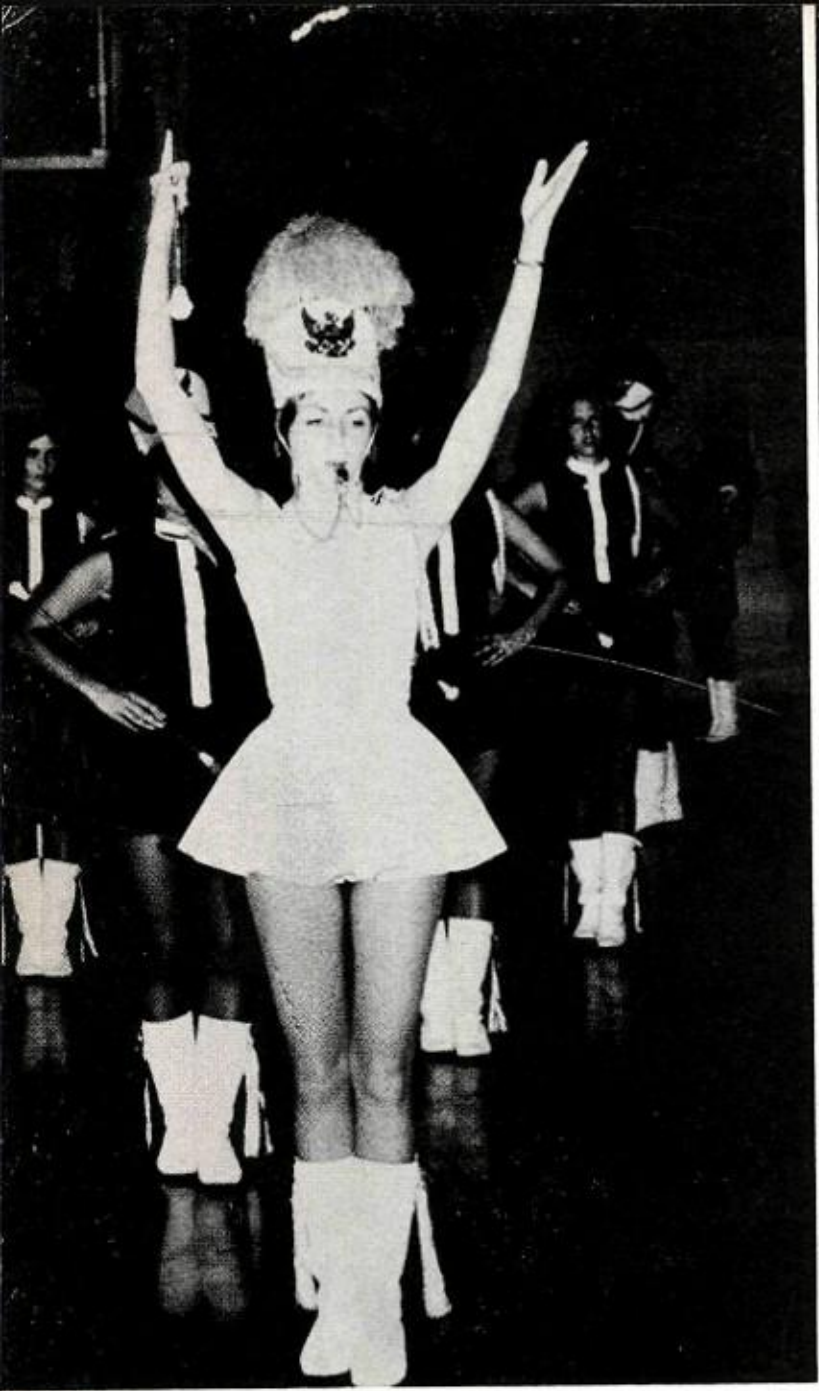

Each step is a step forward to a new and exciting adventure, one which holds man's curiosity enough so he can continue his journey. The loneliness involved is enough to kill a person, but we don't give up. Our steps continue only to find the long road never having a beginning or an end.

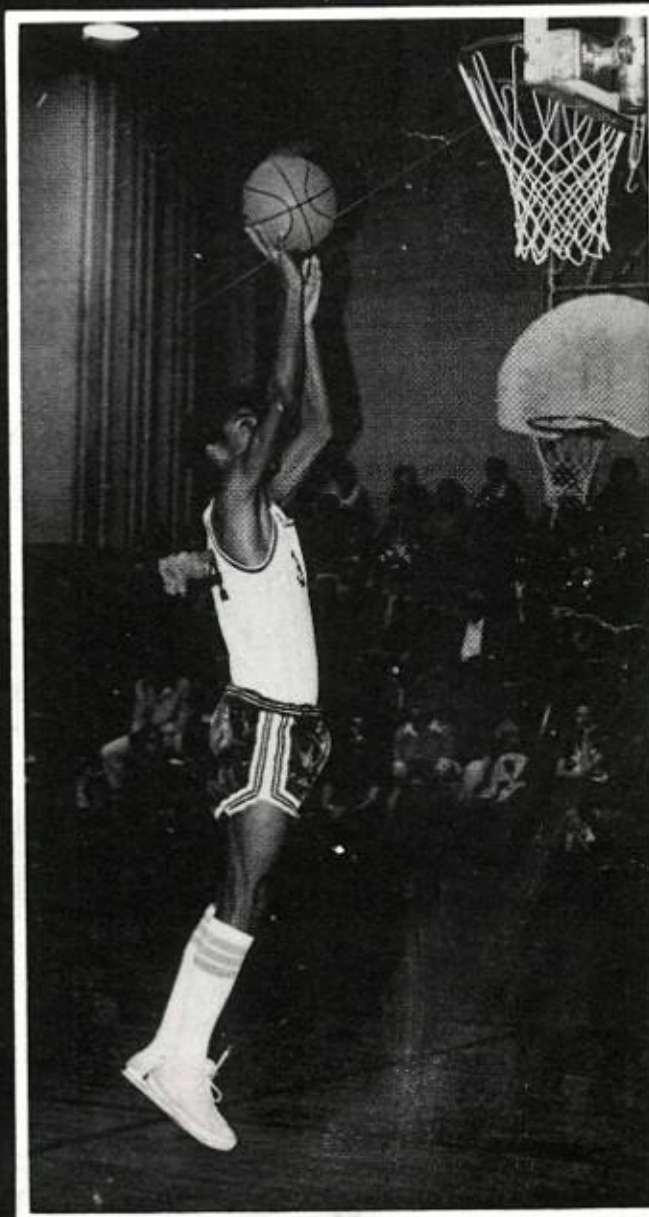

*EACH STEP IS A STEP FOR
TOMORROW—A CHANCE I CAN'T GIVE
UP*

TOTAL INVOLVEMENT

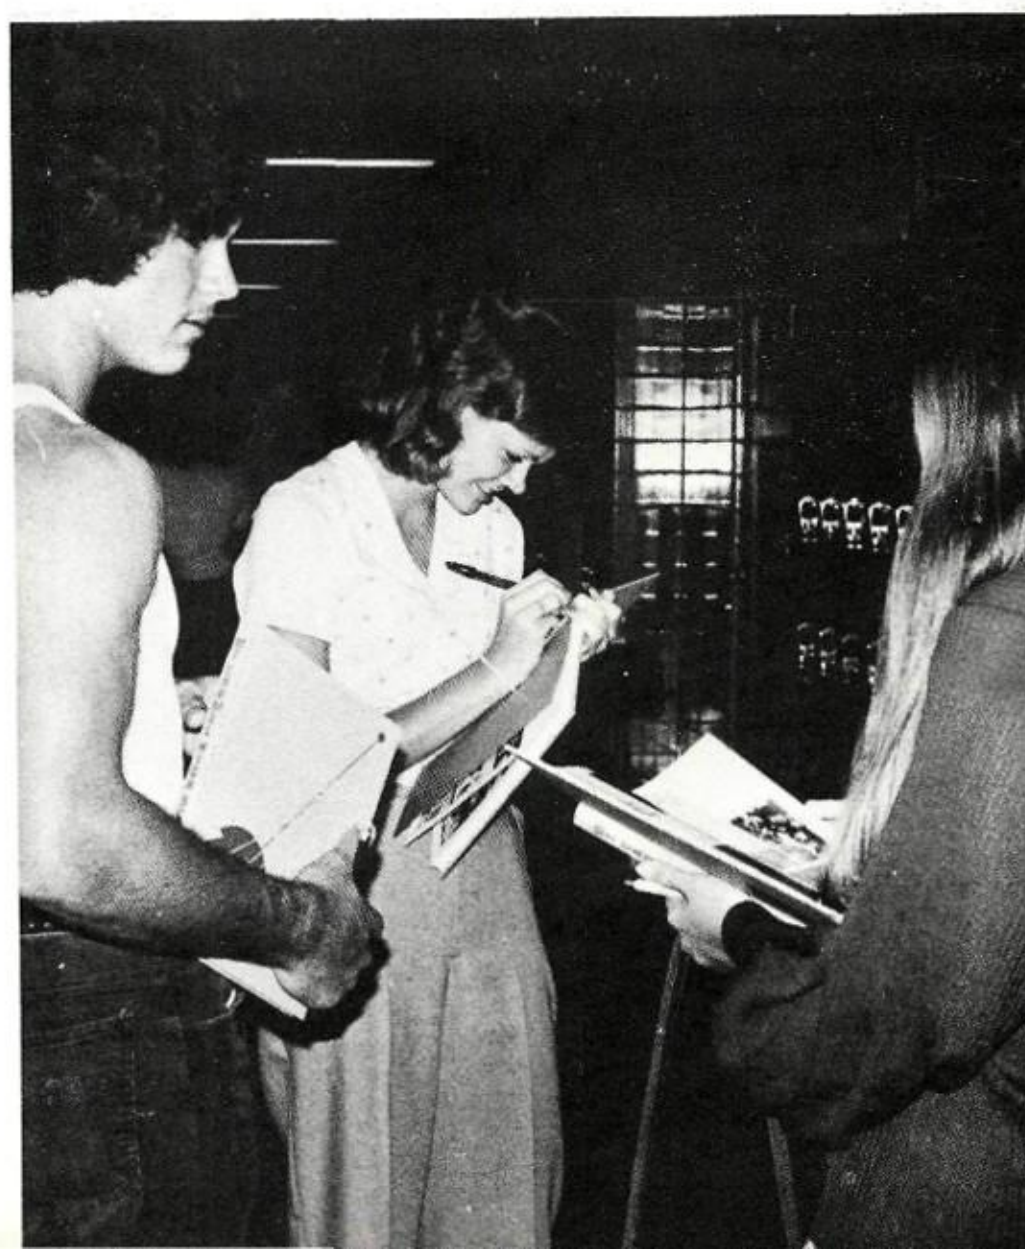

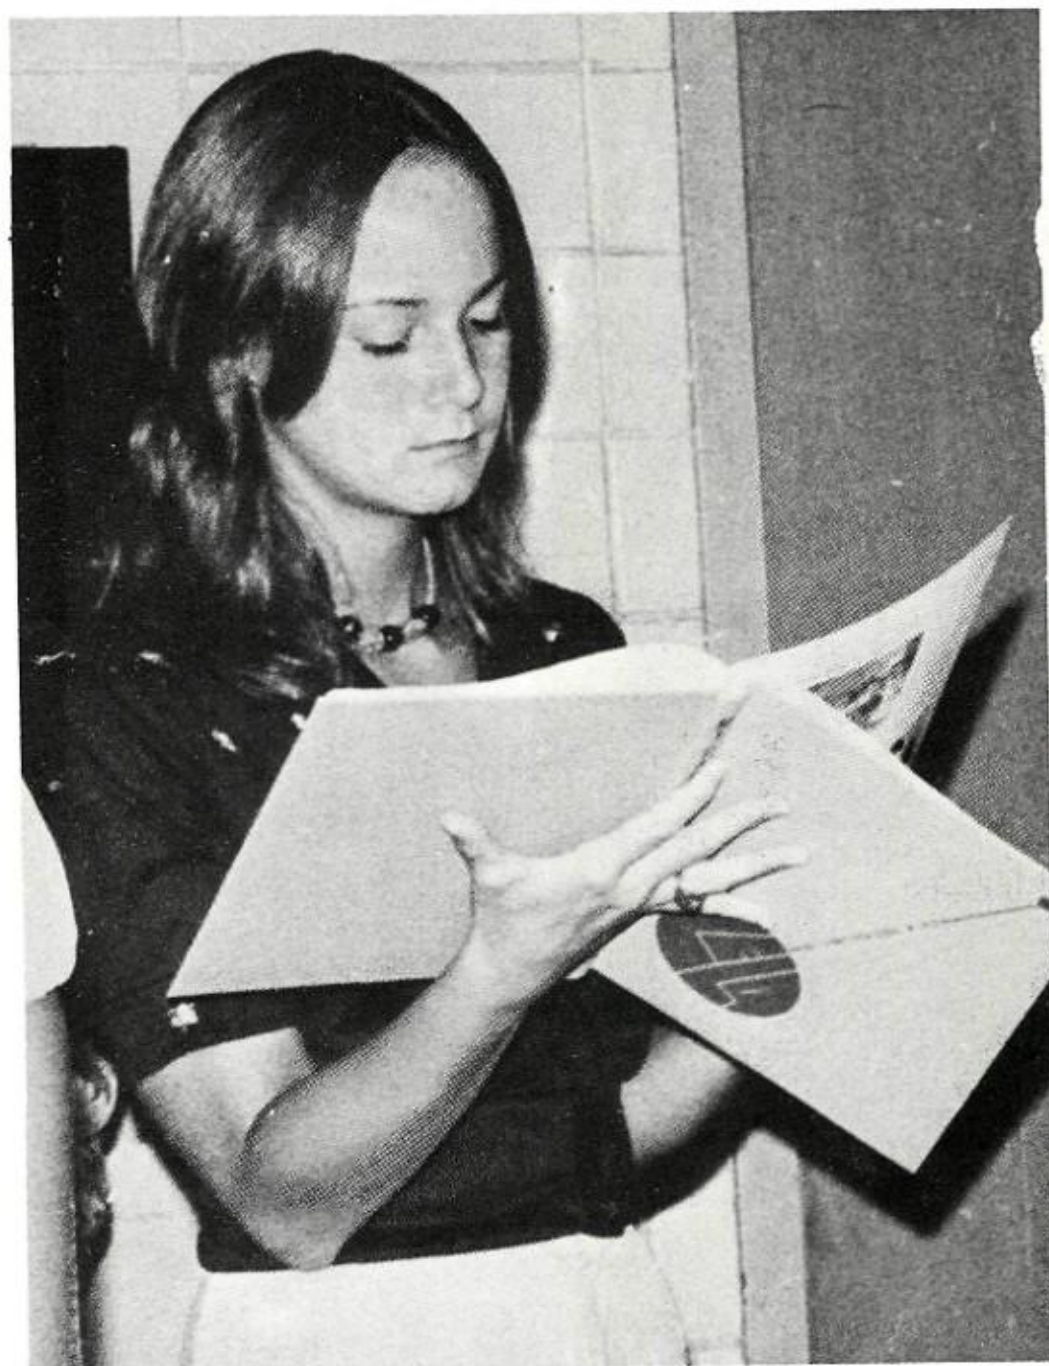

It means total giving, both physically and emotionally, of yourself, your love, your time and effort. It means sharing the responsibilities, the work, the practice, the enjoyment and the pride in creating and carrying out the traditions of Carmel life. To give of yourself is a necessity for you are Carmel, and only you can bring her to life.

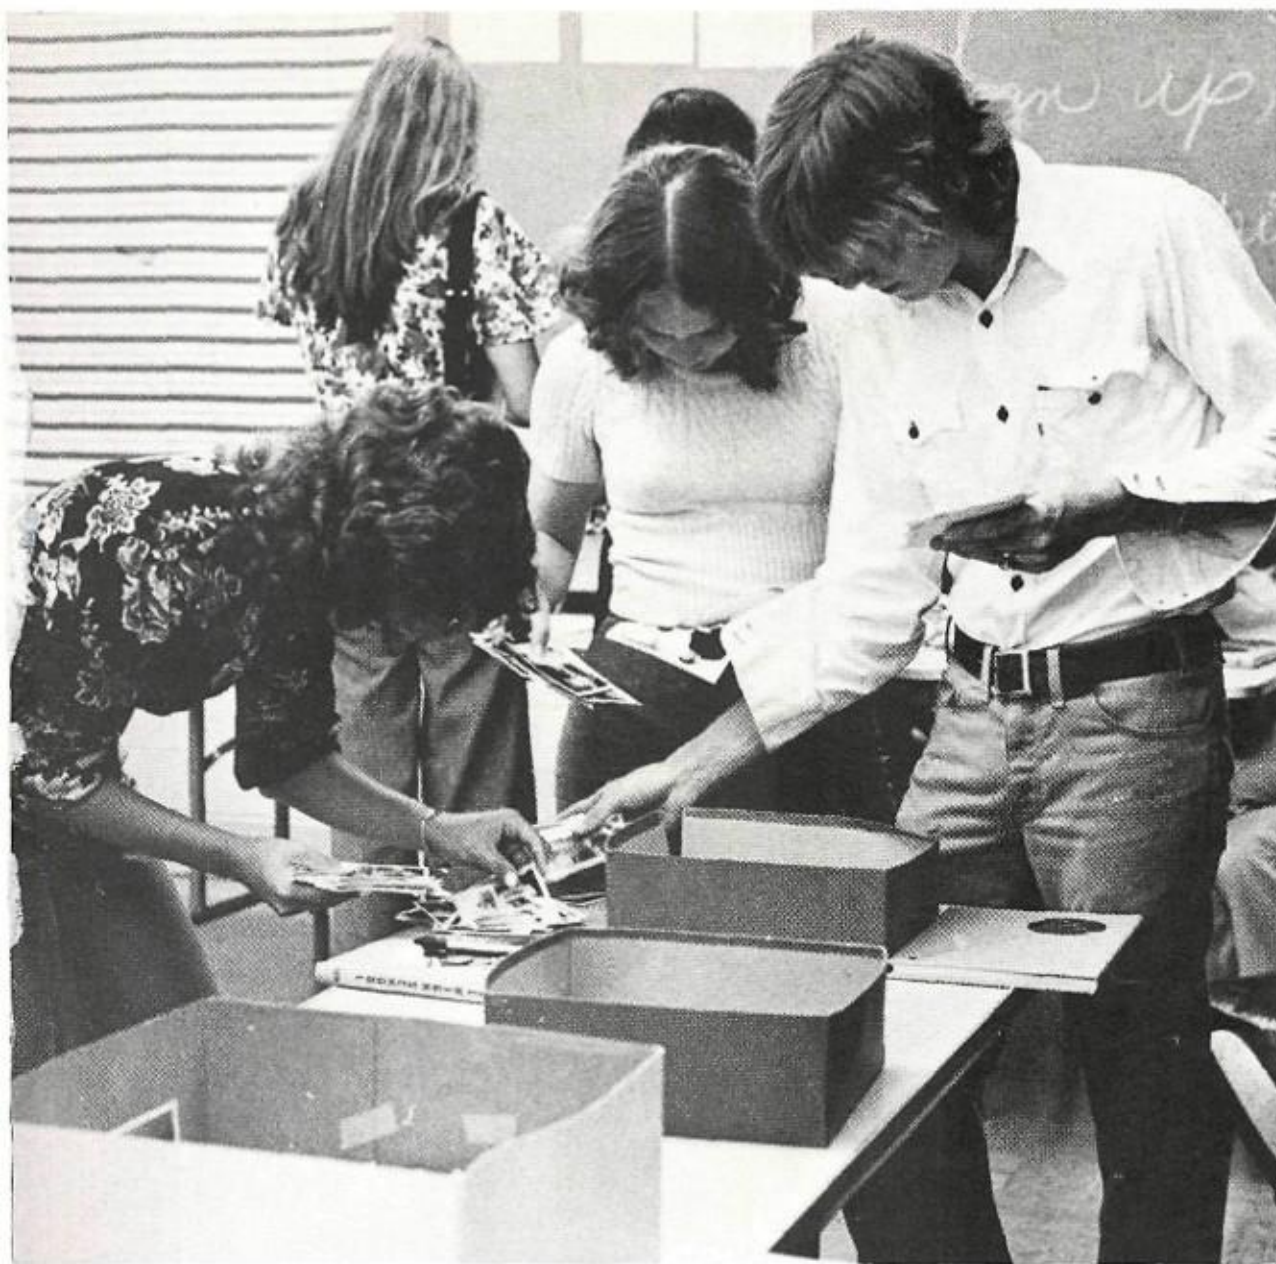

*THE ACTIVITIES THROUGHOUT THE SCHOOL
YEAR AID IN OUR LEARNING PROCESS.
WHETHER WINNING, LOSING, OR CHEERING,
OUR INVOLVEMENT HAD TO BE A TOTAL ONE
FOR WE ARE CARMEL.*

LT: The Cadettes put on their performance that has been worked on during the summer.

TOP: Ronnie Novak looks into the future and wonders what the many roads will lead to. MID: There will always be a time for sharing things. BT: Fr. Bill Young tells how giving is the greatest gift.

RETREAT LEADS TO DEEP THOUGHTS

For the first time in Carmel history, the Underclassmen Retreat was held at the Villa De Matel. The atmosphere held great excitement. The retreat held a desire to discover ourselves a little more. Teachers like Fr. Davis and Sr. Margaret Mary made it possible.

TOP: The Crew of "Get Witch Quick" worked as hard and as well as the cast did to make both performances a success. MIDDLE: "Mirror, mirror, don't be blue . . . tell us are we witches true?" Tita Springer and Theresa Harris make final make-up preparations. BOTTOM: John Garvey wants to know the truth about Craft College and the idea of witchcraft in general.

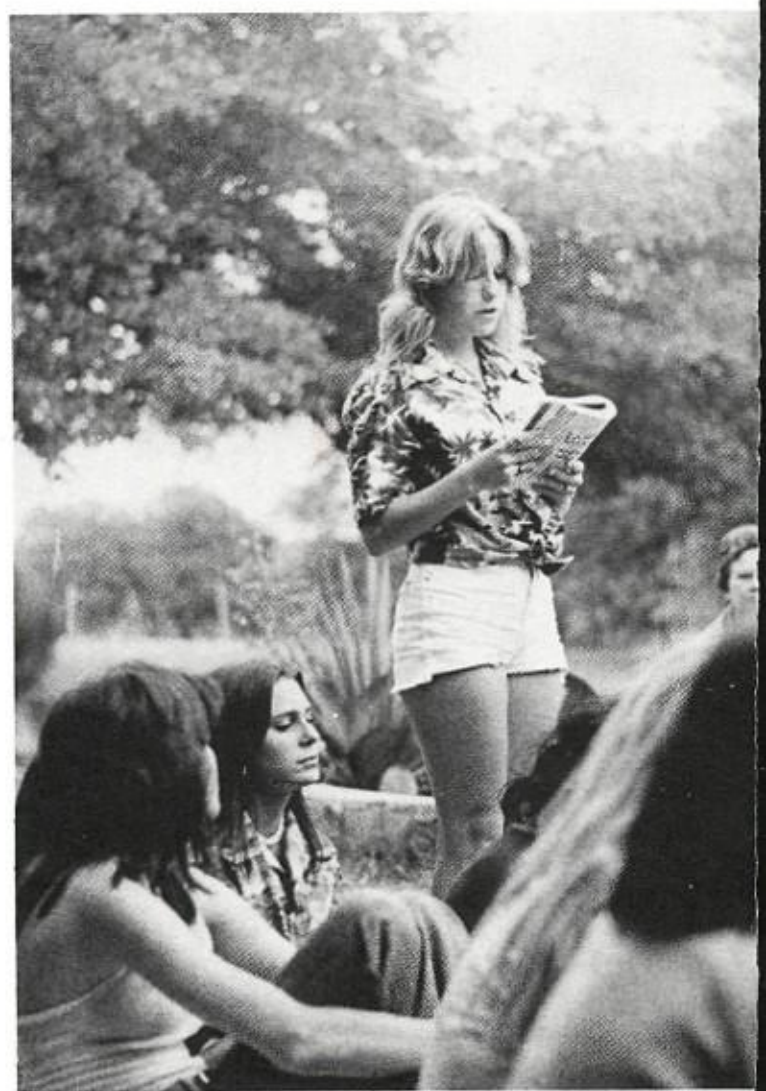

SALEM, MASS. AND CRAFT COLLEGE ARE ALIVE & WELL IN THE SENIOR PLAY OF '75.

MIDDLE: The cast takes one final run-through before performing for the faculty. BOTTOM: All watch with amazement during the climax of the play.

TP RT: The new Treasurer would be Hayden, Provenzano, Ricca or Sobieski. Not blinded by the idea of money, Nan, Roseann, Sandra and Mary Ann wait for the end, and possibly a new future. BT LT: Both Sophomores and Juniors ran for the office of Vice-President. Each, Tristan Davis, Richard Harris, Rick Noriega, Charles Shannon and Don Wheeler, anxiously await their turn to speak. BT RT: With a bit of reflection and a few past memories of a friend, Sam Mandola spoke of the true meaning and importance of the President of the Student Council.

STUDENTS ELECT NEW OFFICERS WITH NEW GOALS.

The office of President is a time-requiring, hard and very important job; one which leads the entire student body of Mt. Carmel. This year, four qualified members of the class of '76, John Barbosa, Bill Gregg, Sam Mandola and Bill Ward, ran for this prestigious position. MID LT: The new Student Council Officers for 1975-76 are: President, John Barbosa; Vice-President, Don Wheeler; Secretary, Mike Talley and Treasurer, Roseann Provenzano.

BT RT: Theresa presents Sister with a token of her appreciation.

THE SPIRIT STICK IS PASSED ON

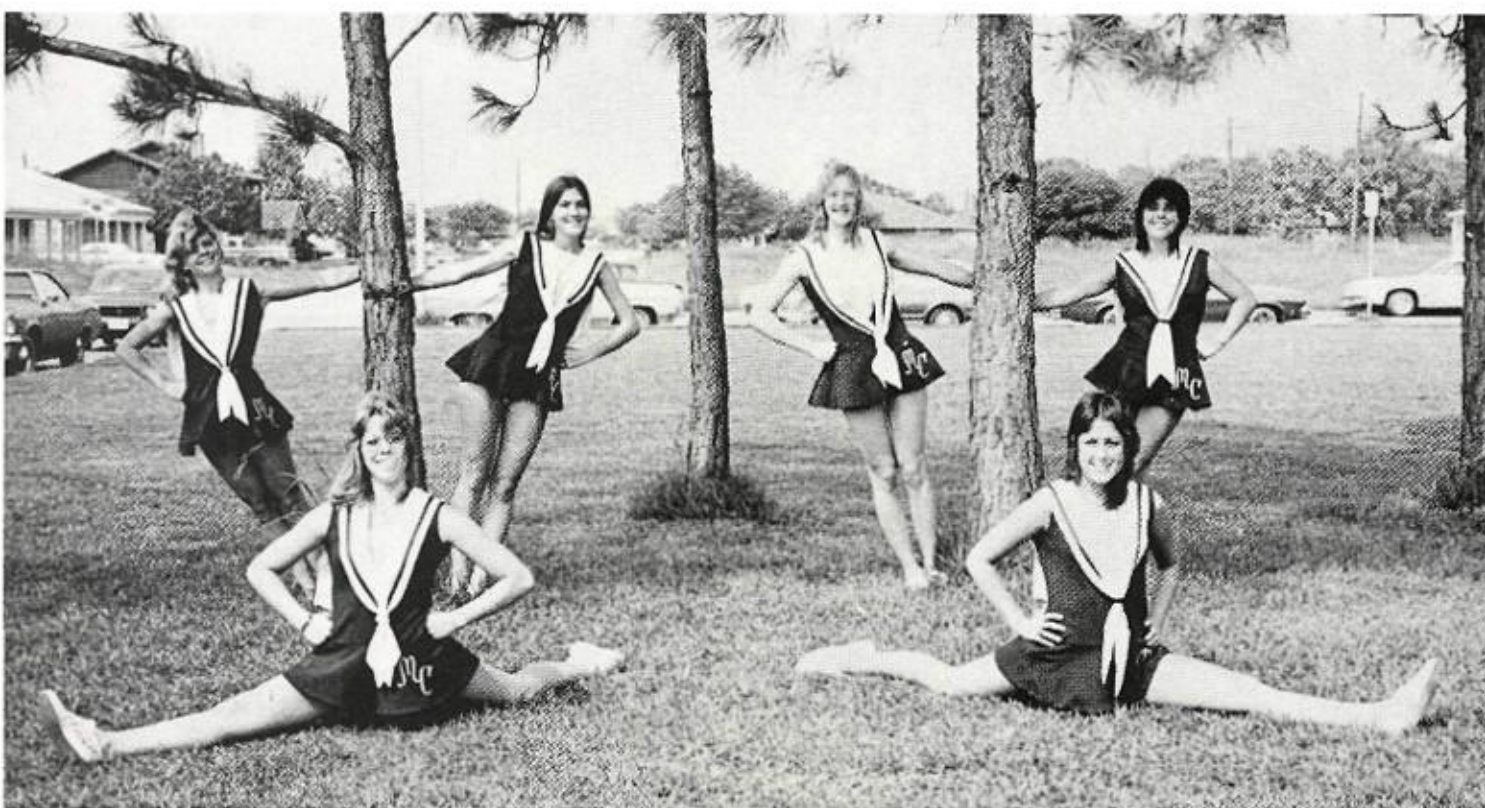

Nervousness and the jitters are all part of Cheerleader elections. Each girl realizes that she could be leading the student body in cheers. It is a great responsibility that must be met and each girl must be willing to accept this. Each girl waits patiently for the final decision.

Group unity leads to any successful goal and each girl possessed this.

LEFT: The New 1975-76 Cheerleaders are: Sallie Schmitt, Patricia Hollek, Karen Hartmen, Cathy Musachia, Donna Mixon, and Bridgid Foley, Head Cheerleader.

That's why we students at Carmel dedicate our awards day mass to our Mothers; without them, we never could be winners.

METRO-GOLDWYN-CARMEL SPOTLIGHTS SENIORS AT JR.-SR. NIGHT

In making this night come alive, many long hours of preparation were needed. From cooking to practicing for skits, effort from all Juniors was needed. The sponsors, such as Mrs. Ohlenforst put in many long hours of work and as usual, the evening turned out to be a success.

Having been seated below the Class of '75 for three years, the Juniors had a final chance to strike out and tell all their true feelings felt about these students at Junior-Senior Night. The Juniors worked late every night in preparation for this evening. The different committees worked and planned the skits, costumes, decorations and the dinner. Without such people as Fr. Foster, Sr. Juliet, Sr. Cynthia, Mrs. Ethridge and Angela Guidoschek, the evening wouldn't have been the success it was.

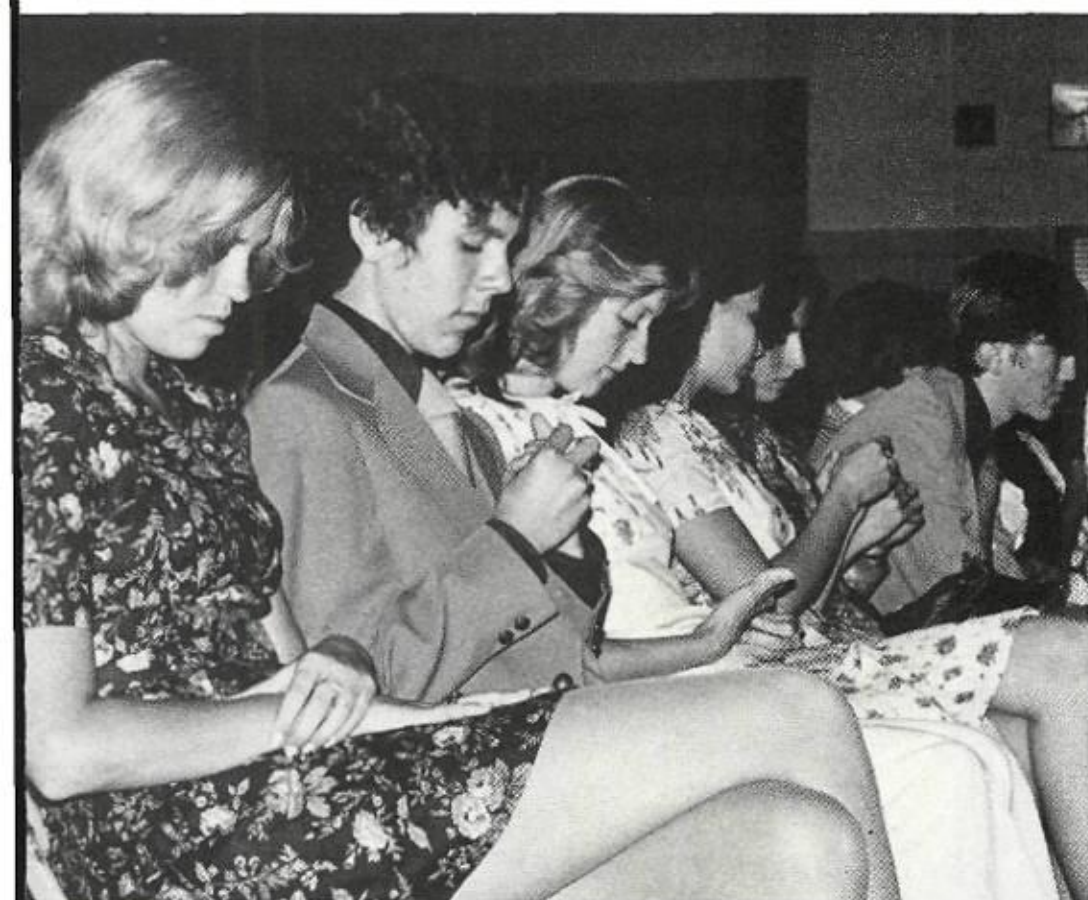

The perfect evening for students, relatives and friends came so fast, yet left a new and deep impression on us all. TOP: A prayer for our coming year together and our many years in the future, began the evening by Sr. Cynthia, a Junior sponsor. MID LT: Secretary Laura Voss, aided Mrs. Lamping in the reading of the names. MID RT: A pause for meditation and important thought grew in the minds of this class. *LIFE, LIKE A GAME, IS SOMETHING WE
MUST LEARN TO
COPE
WITH AND FACE
NEW CHALLENGES*

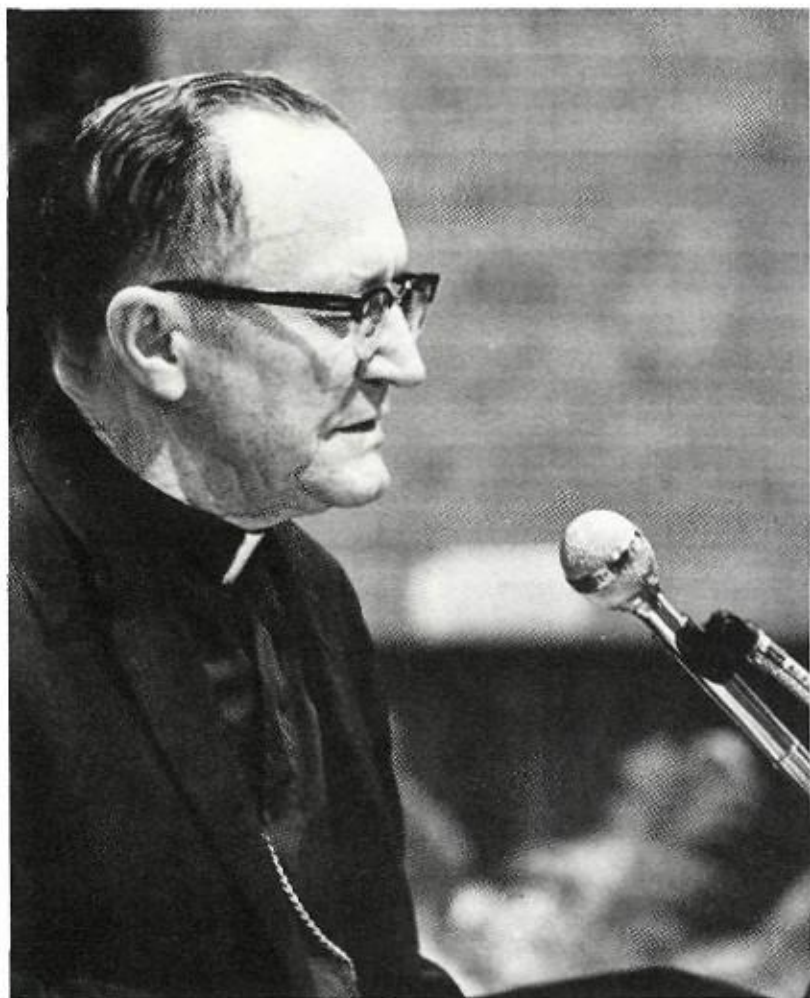

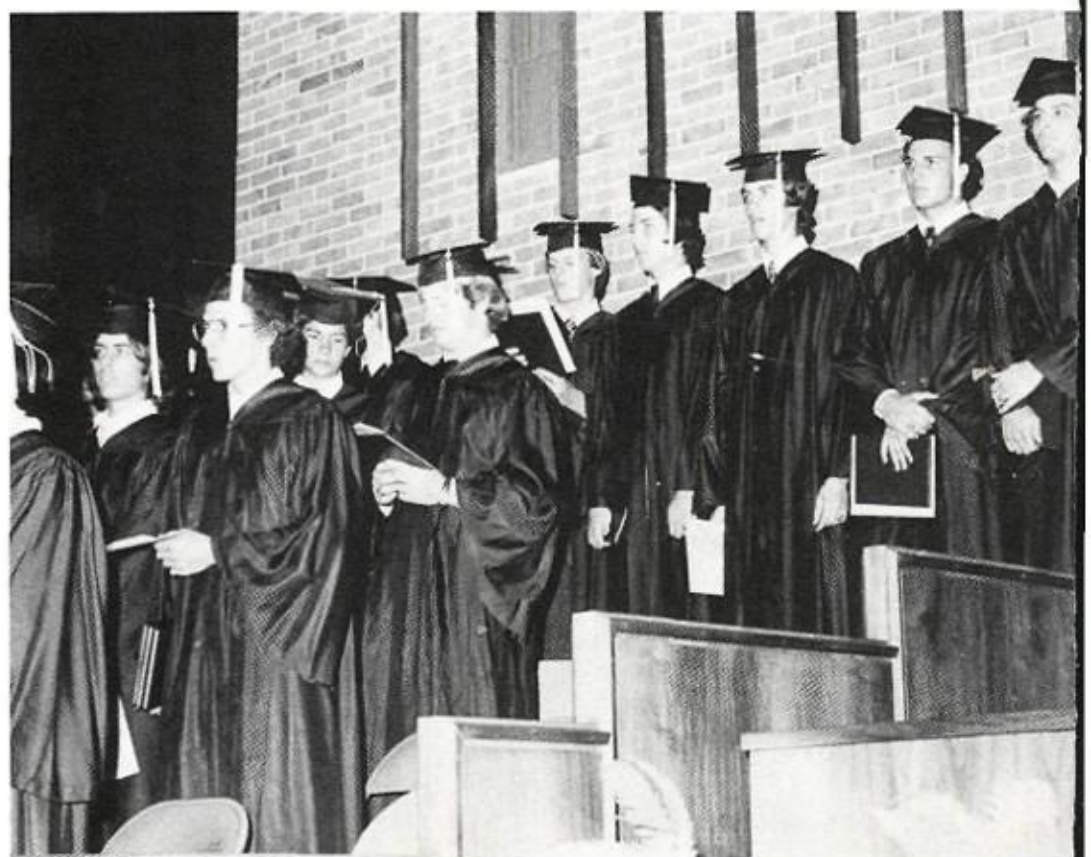

WE MAY NEVER PASS THIS WAY AGAIN—The Seniors of 1975 were united together for the last time in the celebration of the Baccalaureate Mass. A mass that took a lot of hard work from every Senior. It's all over now, but we have the memories to linger on to.

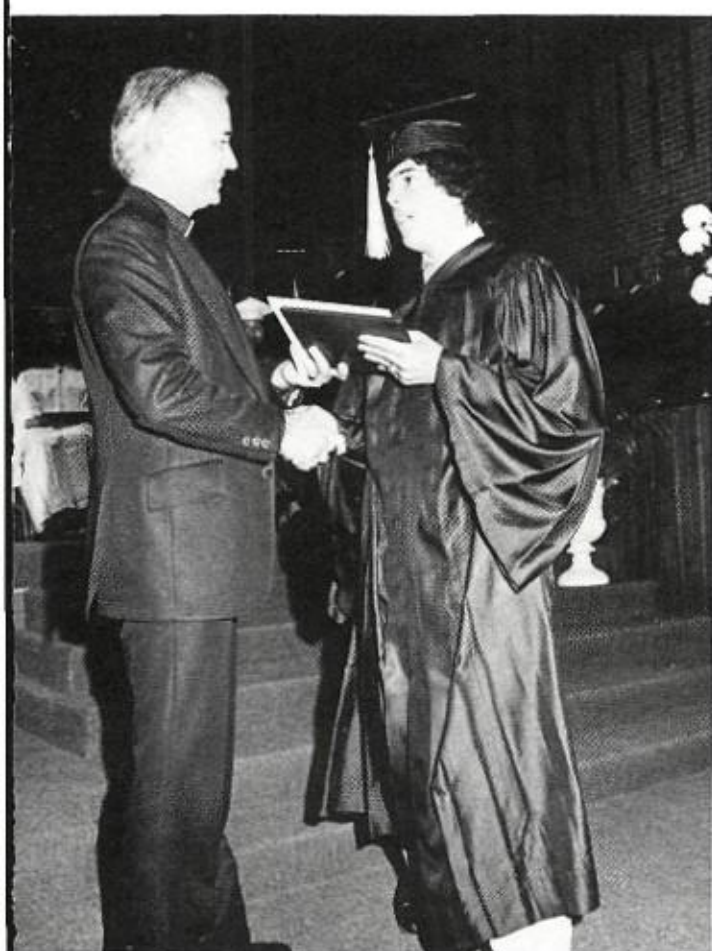

WE FIND THE FINAL PATH ONLY TO SEE A NEW ROAD WITH NEW DIRECTIONS.

Graduation is a time for joys and memories, tears and laughter. Each class knows this is their last time together as a class. Some will come back and some will not. TP: Barbie Bielamowicz delivers Valedictorian speech as she notes we will never pass this way again.

FACULTY

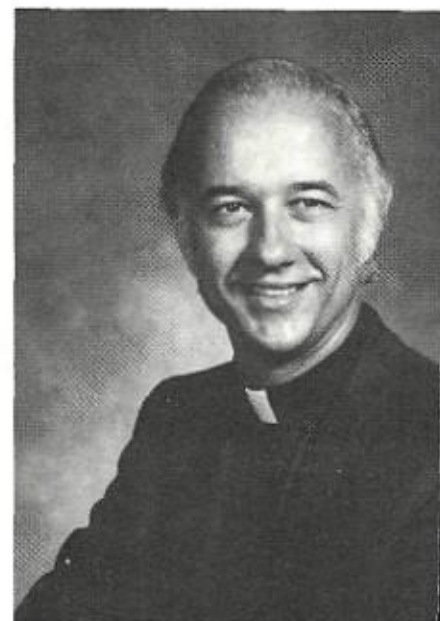

The faculty of Mt. Carmel gives of themselves to help each of us see the new roads ahead. Working to help make things easier is only part of their job. The other half is being our friends—on a one to one basis they open new roads to our future.

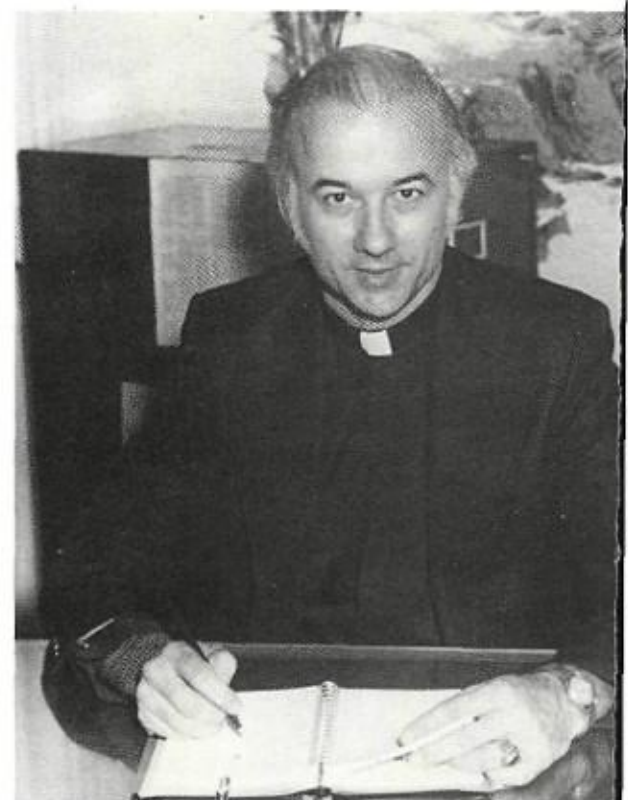

*WE SEE THEM AS TEACHERS BUT FIND
THAT THEY ARE TRULY A PART OF US.
SOME WILL BE MORE THAN A TEACHER,
BUT EACH HAS THE ULTIMATE GOAL
OF SEEING US EYE TO EYE.*

Many responsibilities weigh down the administrators of a school. Working together helps make these responsibilities a little easier. The Administration does the minor yet major things which makes a classroom go. They help make the school work as a whole—not individually. The needs of the school must be met. Whether big or small, the administration helps to make these needs met. Their reward may not be seen, but it can be felt.

TOP: Sister Paul Marie, S.S.N.D., Assistant Principal in charge of Home-School relations, brought the parents and students together to agree on issues to make the school work.

Many people see that the office staff is a necessity to Mt. Carmel High School. But they aren't just people, they're friends. From sore throats, which need the care of Mrs. Rice, to the "no lunch money blues" to which Mrs. Hennessy holds the cure, they give of themselves to each person they meet.

SELF EXPRESSION IS THE KEY TO INSIGHT

Ms. Georganne Greene

Mrs. Cindy Ohlenforst

The English department offers many open roads through tomorrow. Whether it be a list of words to learn or reading *The Bell Jar*, students begin to feel an awareness through these things. Field Trips add a wide variety to many adventures. Today we can grow and expand our mind to many different things.

At Carmel, there is more of one-on-one relationships between teachers and students which creates more of a learning atmosphere. Classes are interesting, which holds the attention of everyone and produces more self-expression.

It is always important for a person to experience cultures unlike his own. The Foreign Language department of Mr. Carmel High School offers the students three such experiences. SCIENCE, LIKE $H_2O + CO_2$ IS A GAS!

The Science department at Mt. Carmel is one that is open for any student to use his initiative in furthering his adventures in the study of science. With department head, Sr. Marlene, Mr. Jerry Speer, Mrs. Grace Beam and Mr. John Beam, the students learn such things as the human anatomy, composition of matter, and Einstein's theory. Many experiments help the learning process of the respective Science classes.

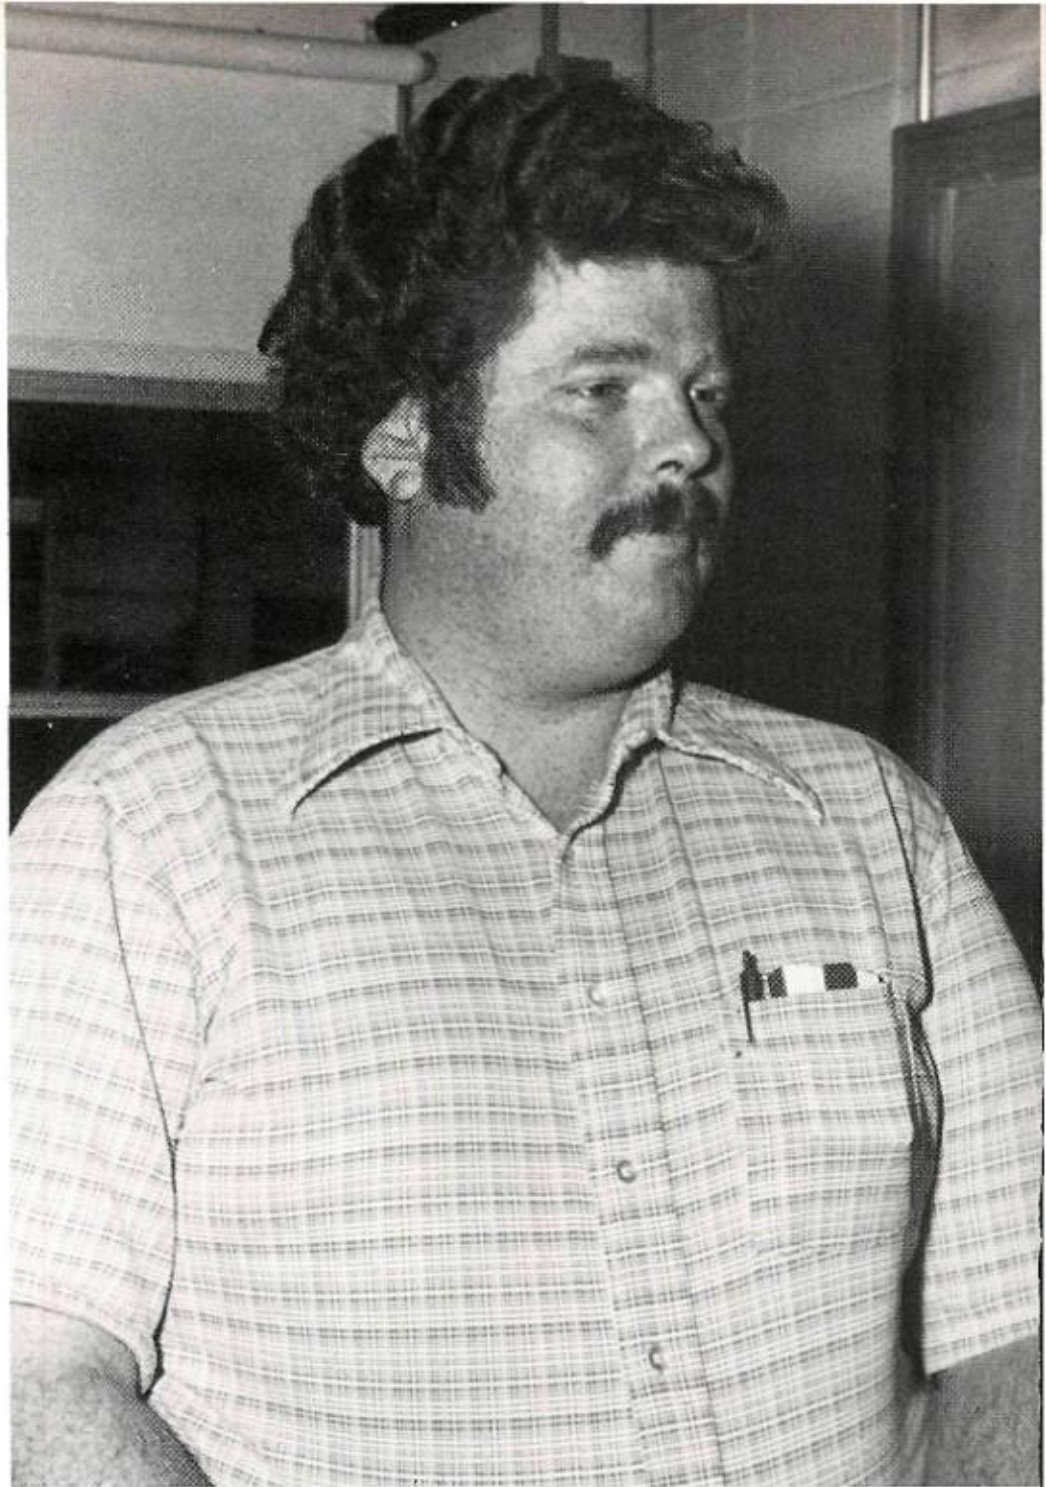

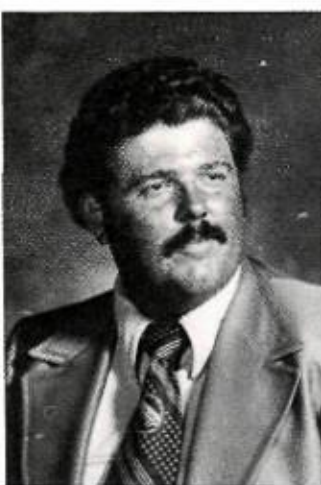

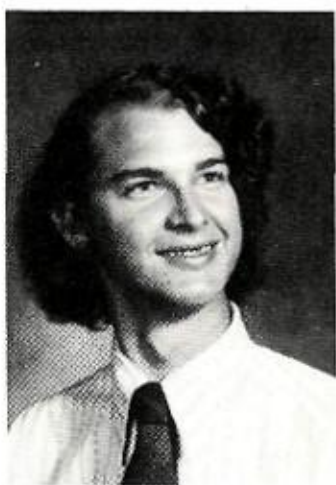

Through experimentation, young Carmel scientists learn all of the techniques of exploring into the unknown as well as life. TP RT: Sr. Marlene, S.S.N.D.; Mr. Jerry Speer; Mrs. Grace Beam; Mr. John Beam.

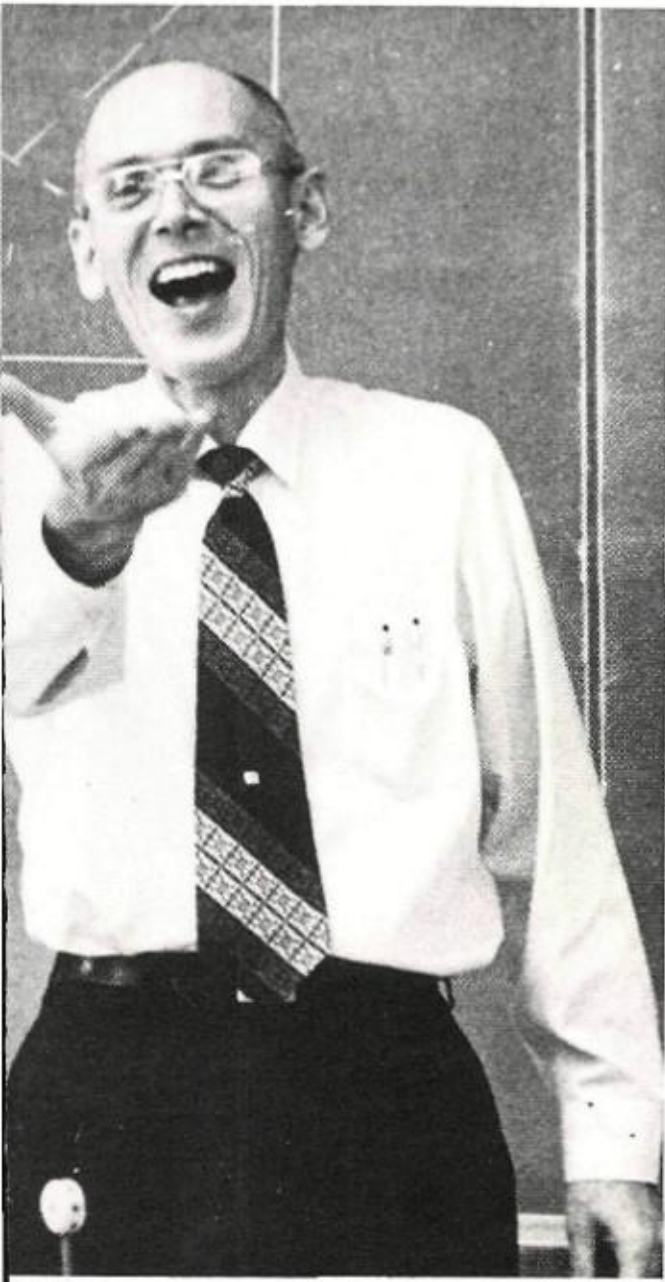

As we grow into the future, Mathematics becomes increasingly important in our highly technical society. Mt. Carmel has risen to the needs and demands of students this year by offering excellent instruction in courses ranging from Basic Mathematics to Calculus.

Art and Drafting are two courses which primarily exploit the true hidden talents. The purpose is to give the students the opportunity to explore within themselves, see their talents, and work to prosper their works. In their respective fields, Sr. Leonelle and Mrs. Bailey urge their students with a helping hand toward the development of these talents. Sr. Leonelle always has different exercises and new creative ideas to interest the artistic abilities of each student.

ART & DRAFTING: THROUGH PENCILS AND PENS WE CREATE.

Sr. Leonelle, S.S.N.D.

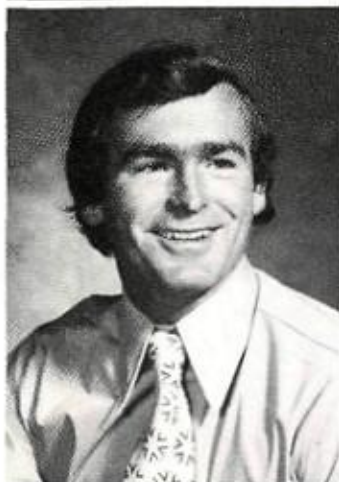

Mrs. Bailey felt drafting was important and taught with great influence in her classes. Drafting is a prospering field for both men and women. It is necessary to be interested in something to be successful. These courses were successful in giving the students a chance to express themselves without having facts drummed into their heads. Each course had its exceptional, excelling students who took the knowledge which was offered from Sr. Leonelle and Mrs. Bailey, and turned it into an individual and unique talent of their own.

One of Carmel's longtime friends, Mrs. Rutherford, left to start her new family. Her personal touch was welcomed by many. We now welcome Mrs. Campbell to the business department.

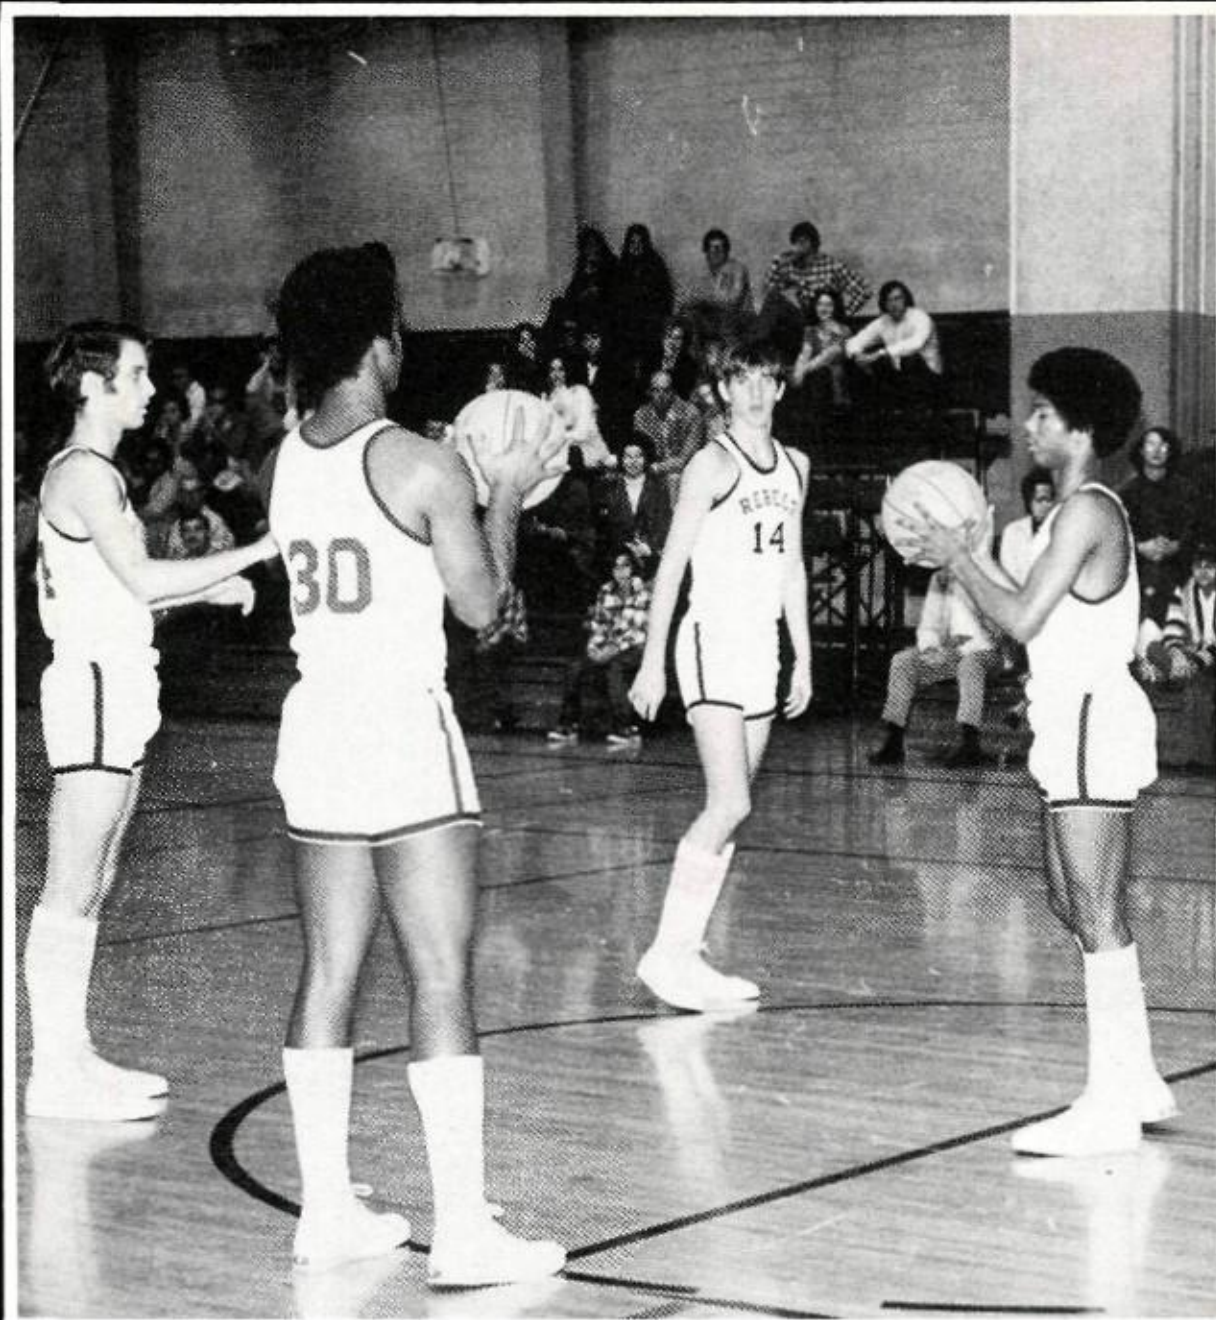

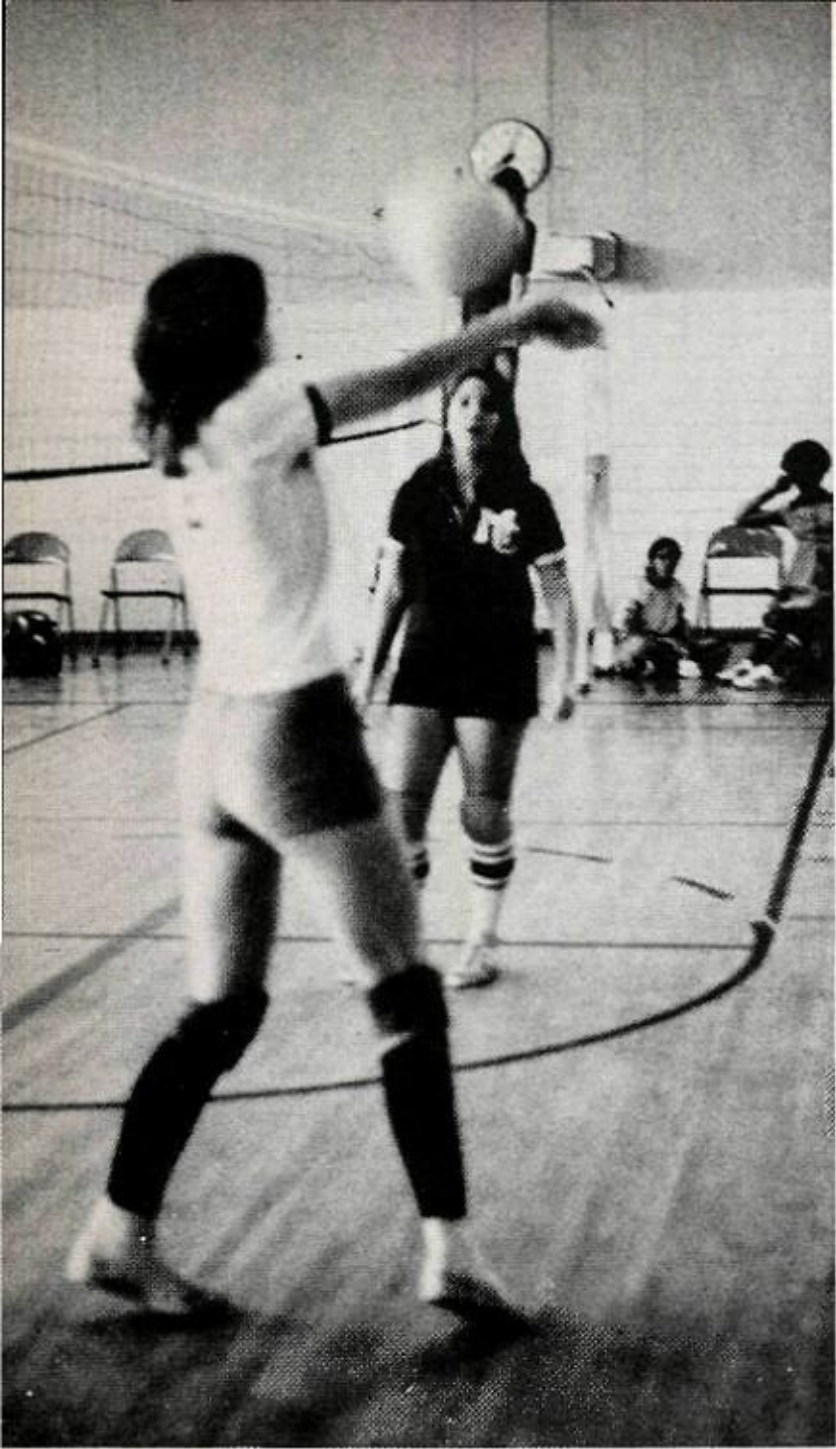

Through the many long hours that aren't really seen by others, these people make the mechanics of the school work. Whether fixing lunches or setting up tables, they are the people who make things work. Mr. Lee Hablinski, not pictured, does the mechanical make up of Carmel. *WHEN YOU LEAST EXPECT IT,
THEY ARE ALWAYS THERE*

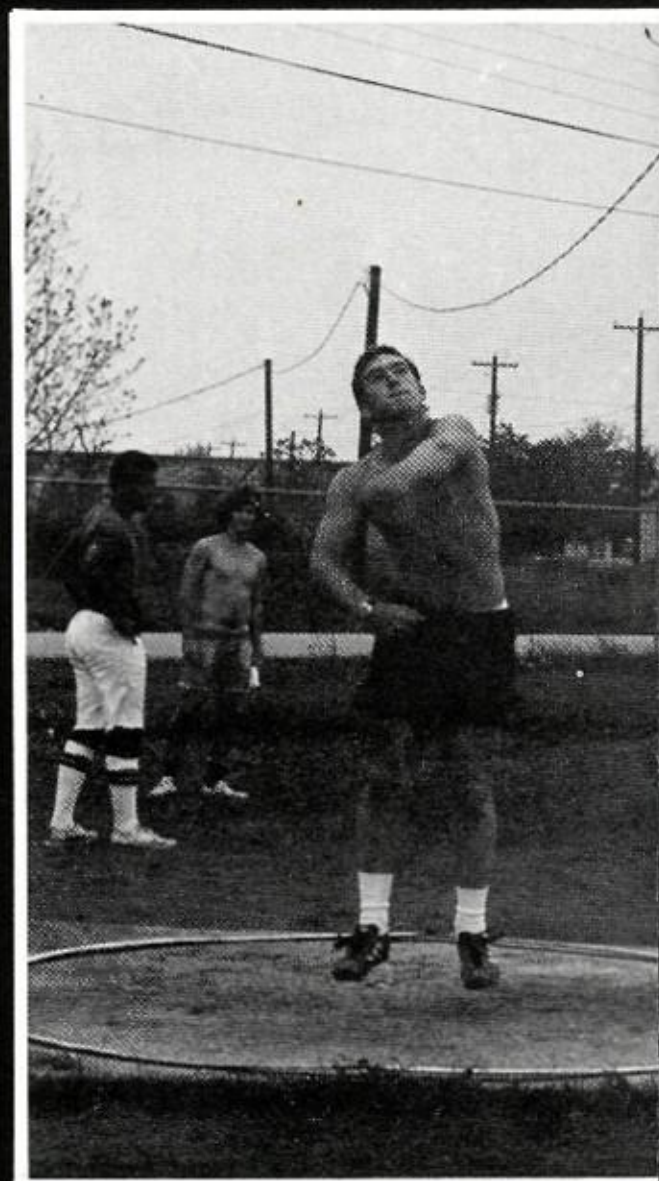

Mr. Amiot helps to ensure that we have the right books while Mrs. Ethridge makes sure that we have enough sandwiches. Many people don't realize how important they are.

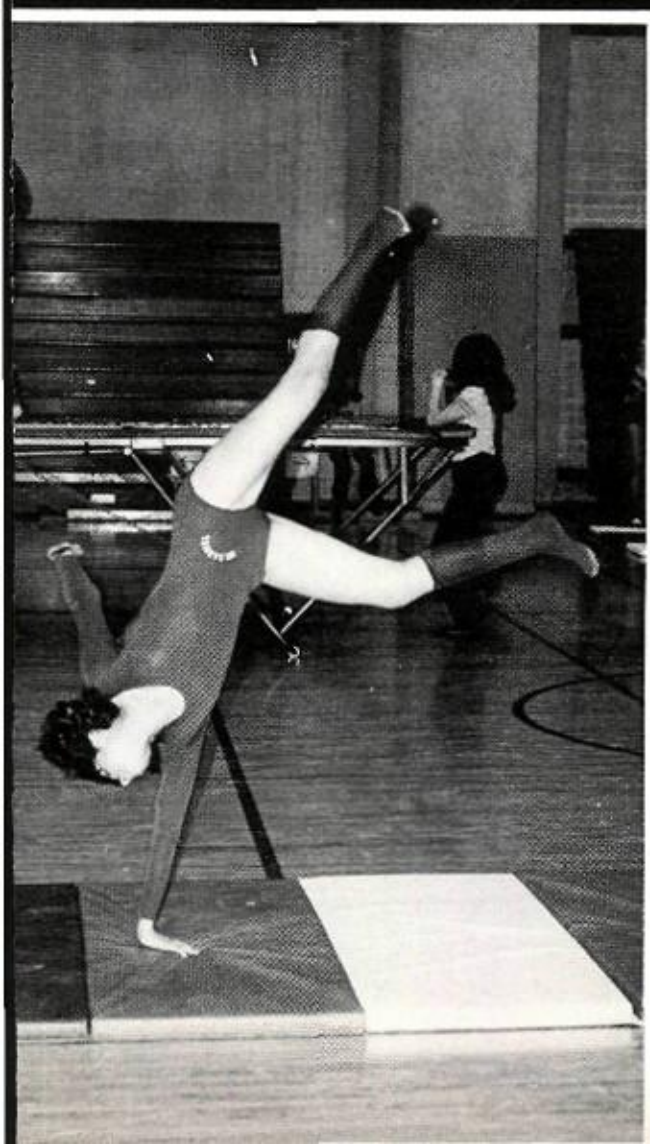

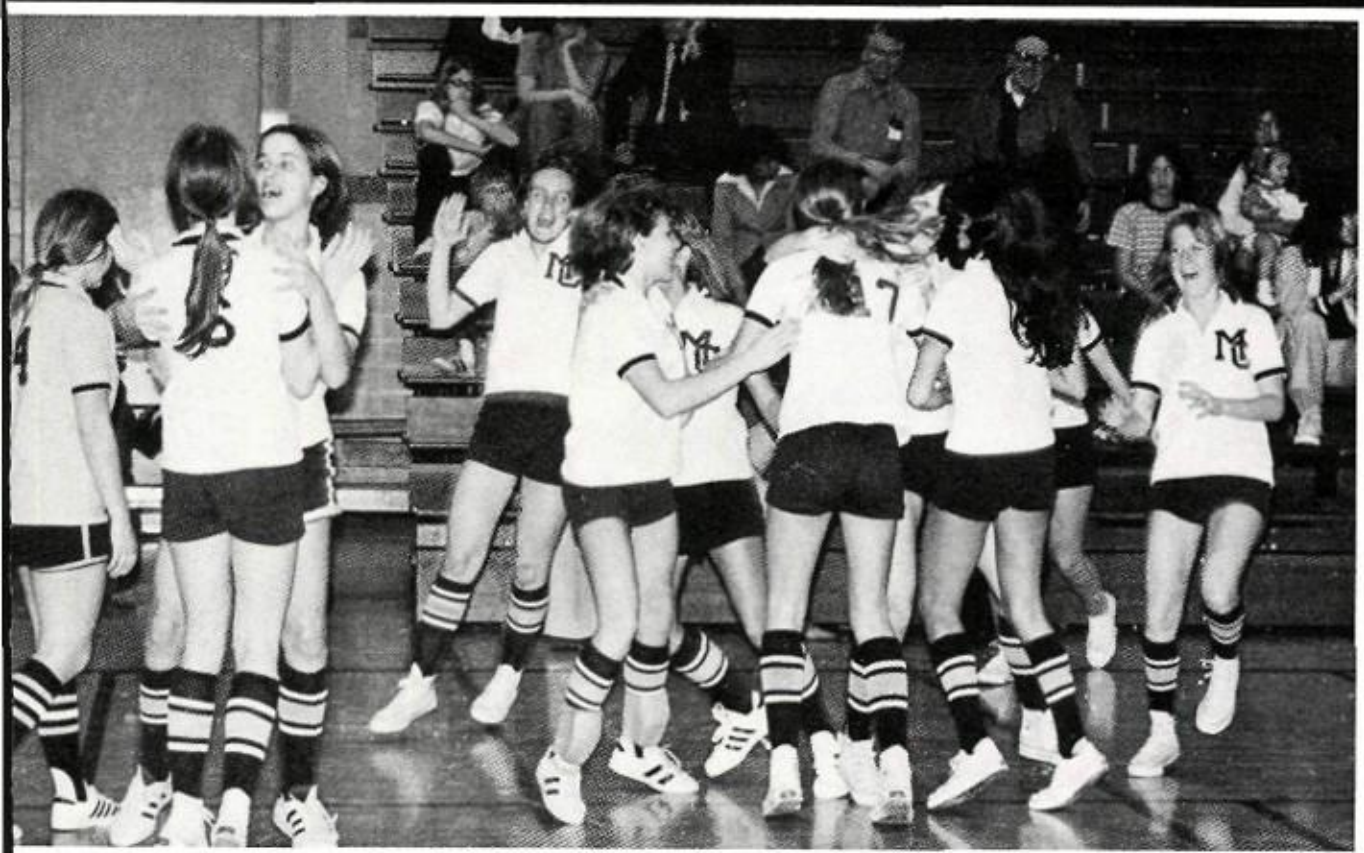

SPORTS

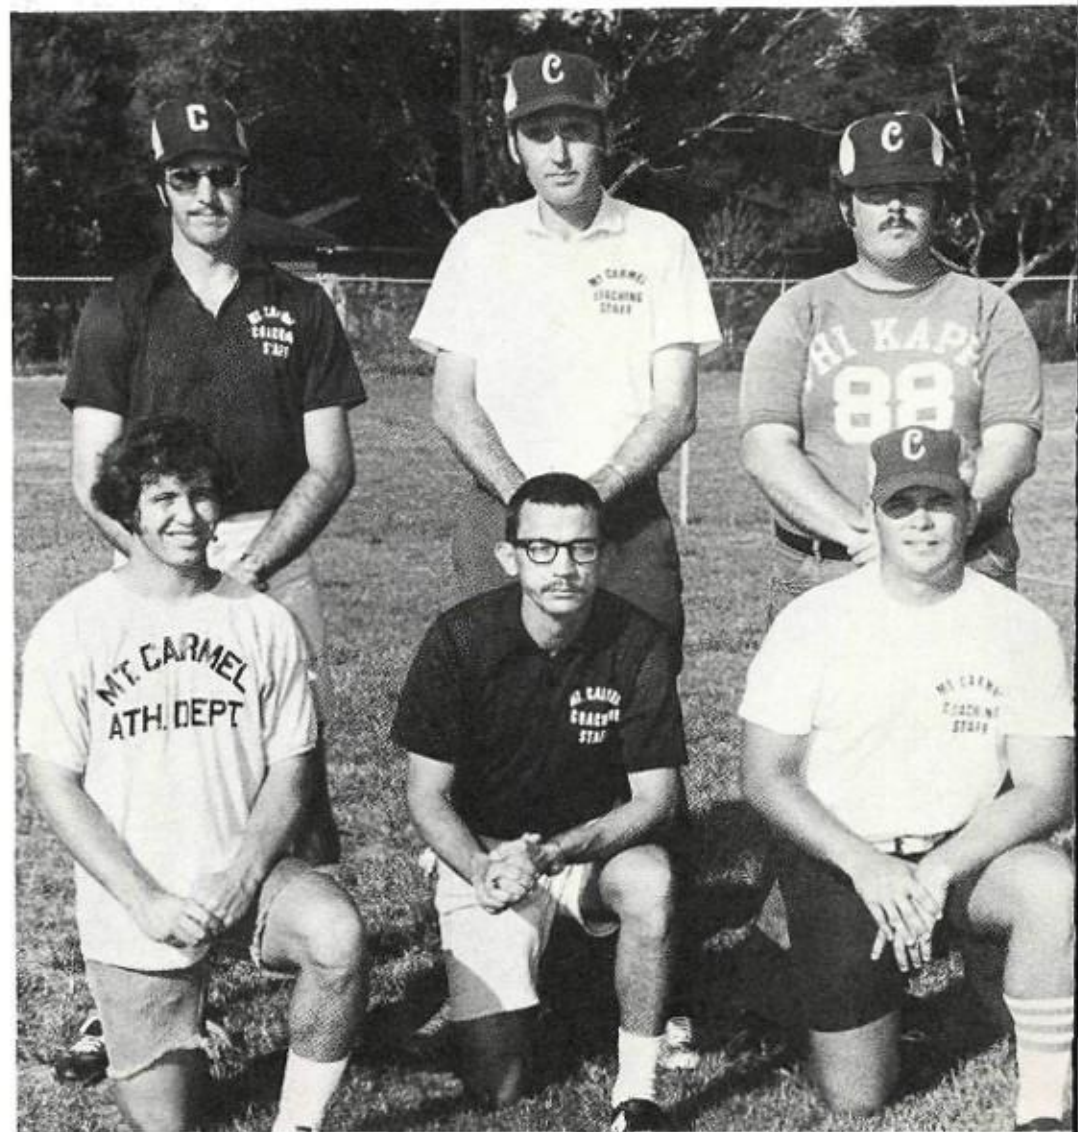

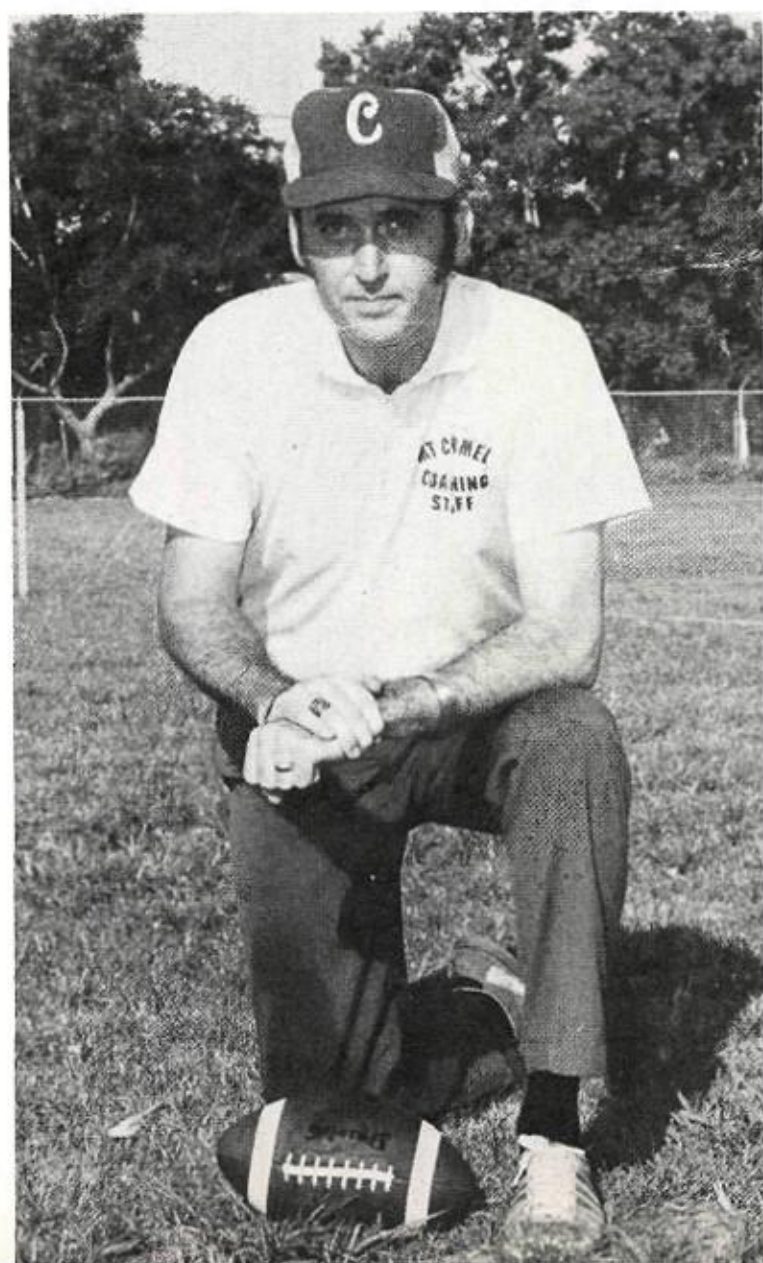

Sports are not made by physical skill; it takes an inner maturity, strength, and the agility in life. A Rebel is one who represents his school and strives to do the best of his ability. Whatever the sport and whatever the sex, Mt. Carmel produces true athletes. Success may not always be present, in our sport fields, yet a Carmel Athlete knows the real goal he will achieve in the end.

DEVOTION AND EXPERIENCE AID IN GROWTH THROUGH PARTICIPATION IN RECRUITING PANEL AND TOURNAMENT SPEECH

SPEECH

The purpose of the recruiting panel is to explore schools in the area and to explain the many aspects of Carmel life.

TOP RIGHT: The recruiting panel for '74-'75 were (L to R) Scott Talley, Rita Pradier, Bill Lierman, Lindy Kirn, Darrell Hollek and Larry Biediger. BOTTOM: Tournament Speech was a new experience this year. Along with their sponsor, Mrs. Ohlenforst, the students stormed schools all over the city in order to participate in speech tournaments. Although the members did not come away from the tournaments with many awards, they gained valuable experience for the future.

SPIRIT IS THE NAME OF THEIR GAME.

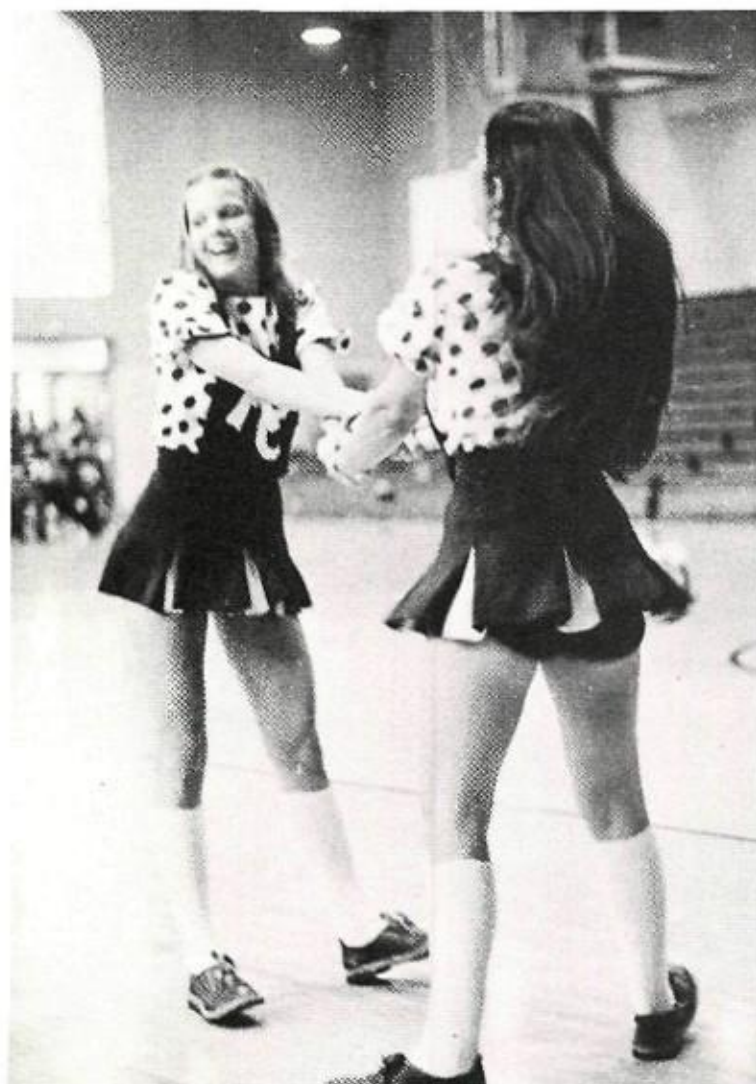

The Cheerleaders did just what they were elected to do, cheer! TOP RIGHT: Rita and Theresa are in the spotlight at the Thomas football game. TOP LEFT: "For Carmel" begins every game for the Cheerleaders. RIGHT: Junior Cheerleader, Cathy leads a spirit yell at the Pep Rally.

TOP: The 1974 Cheerleaders are Donna Schmidt, Rita Pradier, Cathy Musachia, Theresa Ortiz, head, Linda Kirn, and Brigid Foley. BOTTOM LEFT: Donna displays a fantastic kick. BOTTOM RIGHT: "We gotcha" says Lindy to St. Pius.

WHEN THE GOING GETS TOUGH . . . THE SPIRIT KEEPS GOING

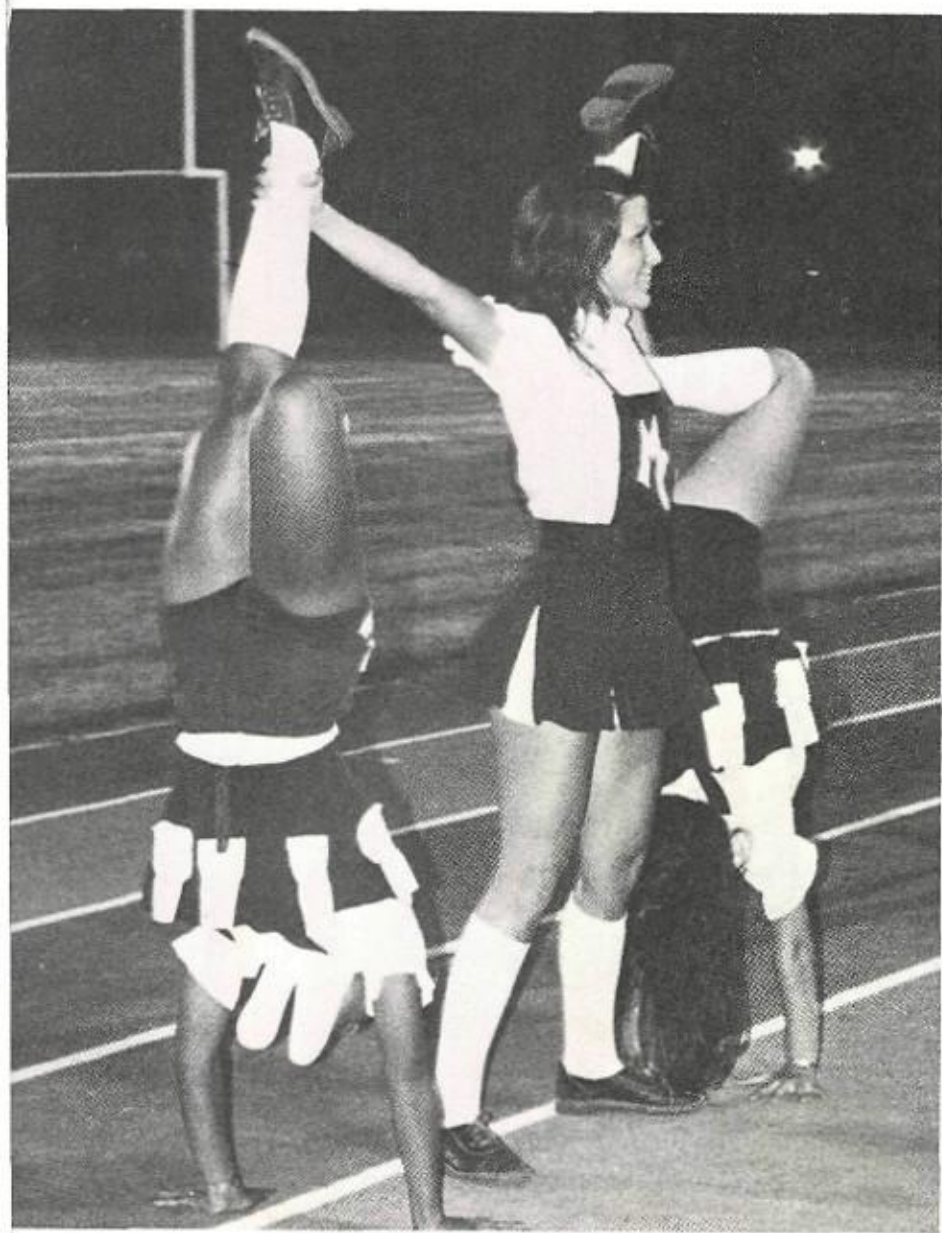

TOP RIGHT: Theresa tries to build up that Rebel spirit with a cheer. TOP LEFT: Go, Go, Get 'em, Get 'em. Cathy and Donna. BOTTOM: With a little more experience, Theresa and Lindy return for another year of cheerleading.

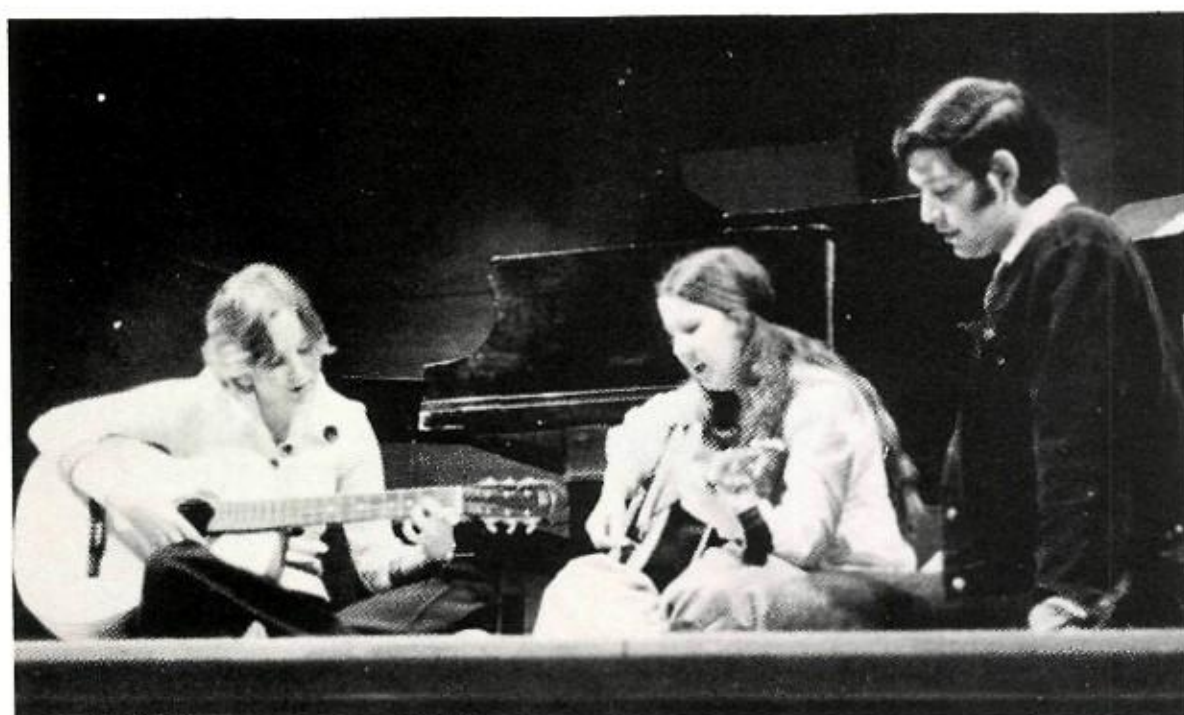

TOP: A good cheerleader is a loud cheerleader. Here Rita shows how it's done. BOTTOM LEFT: Being a cheerleader doesn't only require a voice to cheer, but also the strength to lead them. BOTTOM RIGHT: Pep rallies are another aspect of the cheerleading. The girls do a group cheer here.

SPANISH CLUB INVADES MEXICO

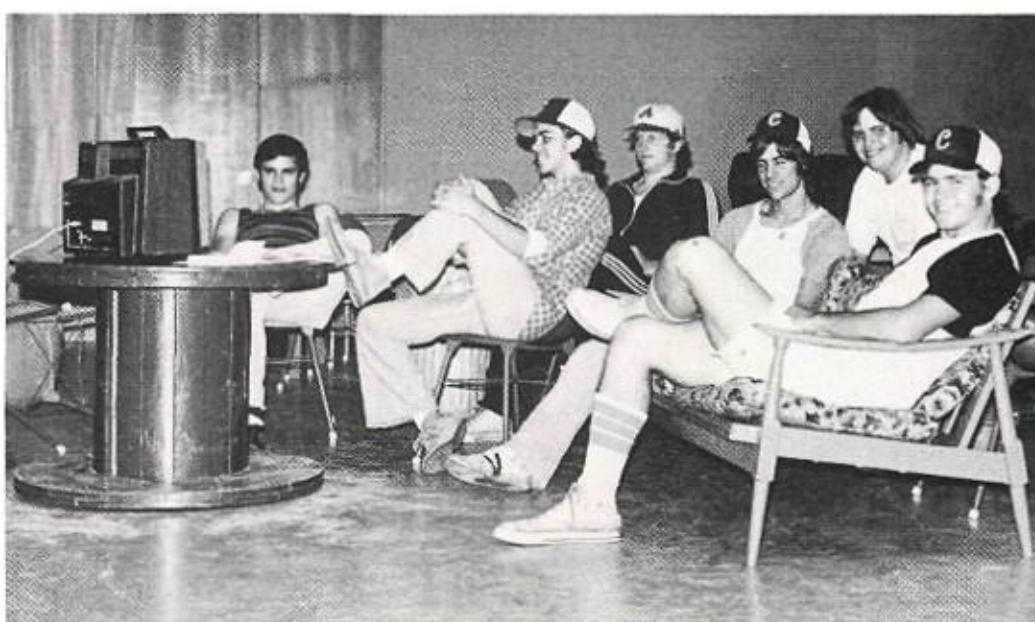

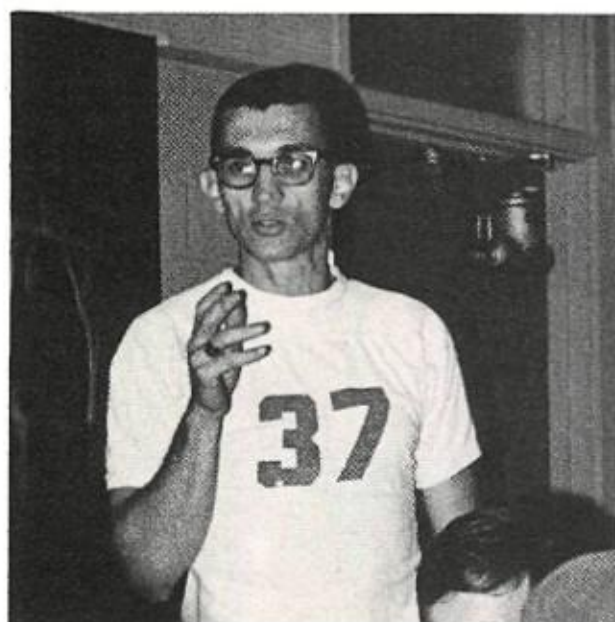

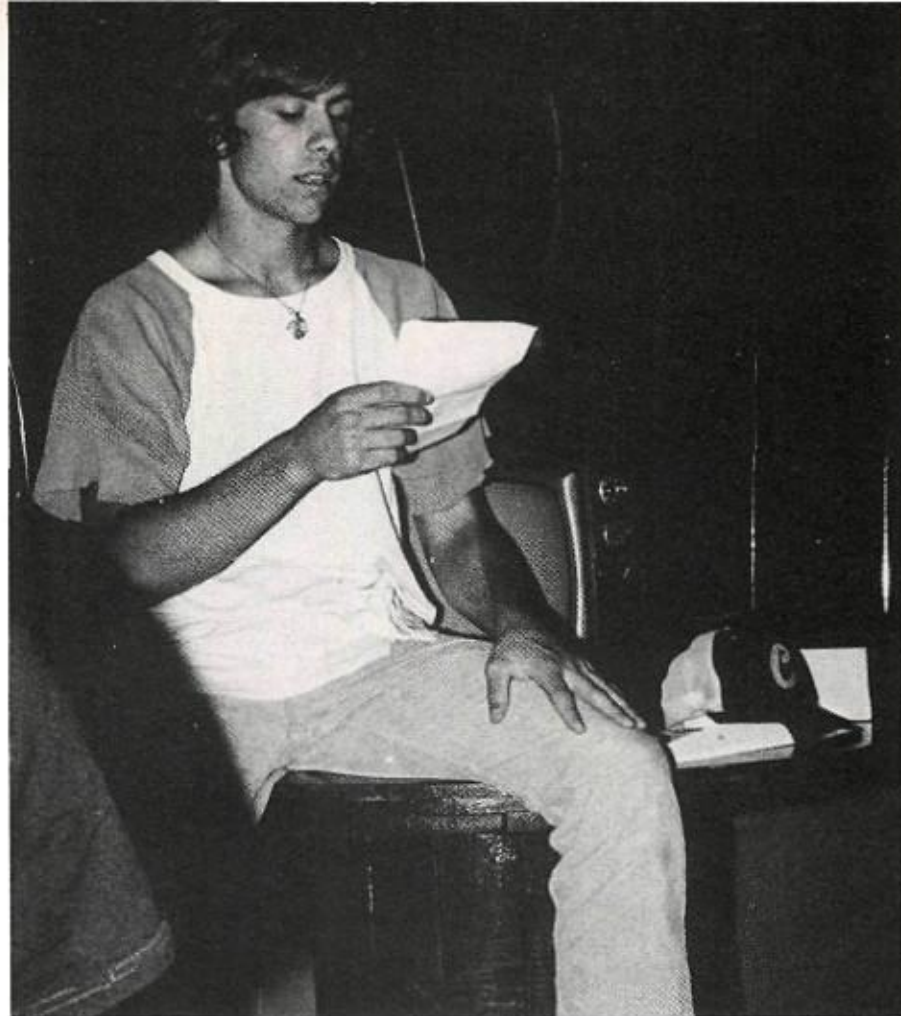

The Spanish Club of Mt. Carmel High School took one big step in progress this year. The members were given the opportunity to visit a culture, different from that of their own. The date was April 25, 1975 and the place was Nuevo Laredo. Everyone returned tired, sun-burned, but a little bit smarter in knowledge about Mexico.

CHRISTIANITY + ATHLETICS = F.C.A.

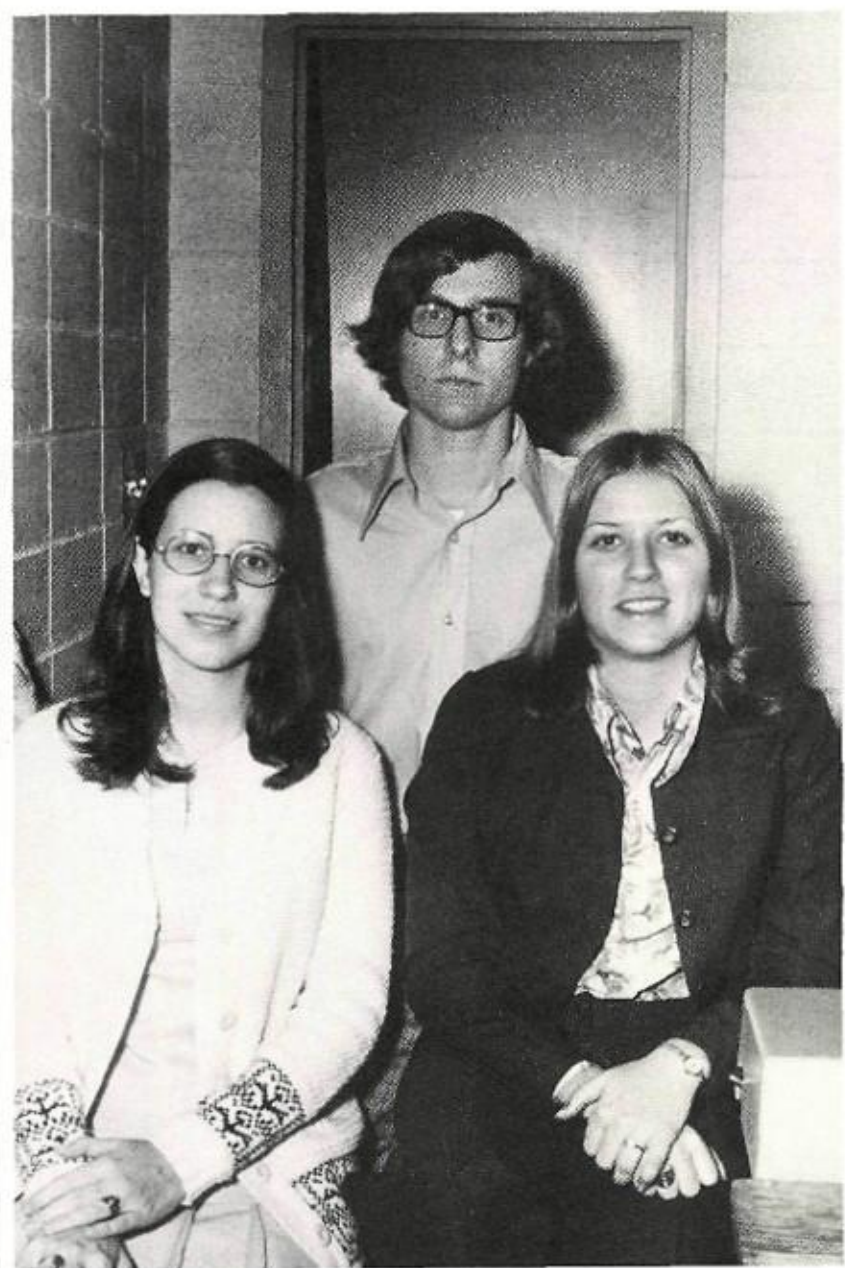

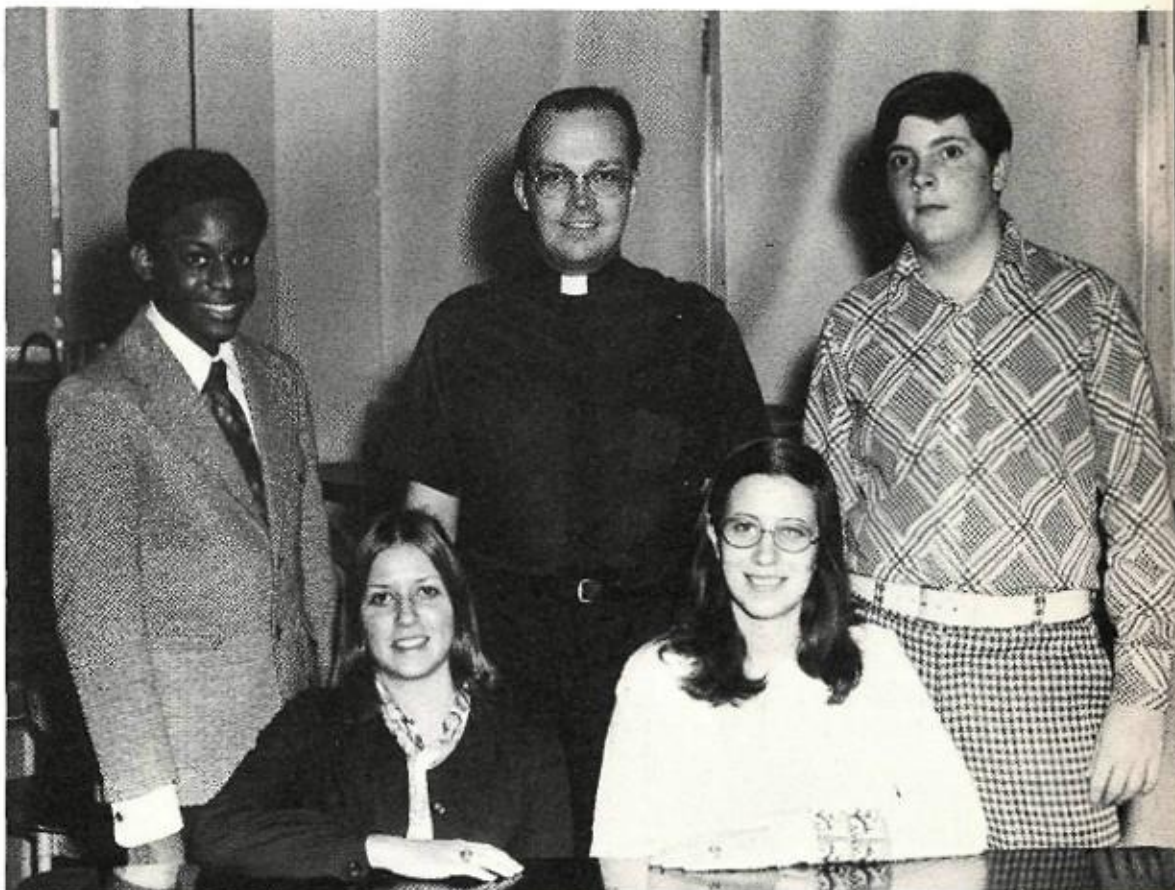

Through F.C.A. our athletes strive to find a deeper meaning through sports. TOP: President Scott Talley opens a meeting with a prayer. MID LT: Coach Speer offers his opinion. MID RT: After the meeting there is always time for a little Monday night football.

ABOVE: The 1974-75 members of F.C.A.: TOP: R. Noriega, S. Mandola, S. McDonald, I. Montelongo, M. Ross, M. Novak, B. Gregg, J. James, T. Revis, J. Blystone, G. Lucero, Coach Carpenter. PHOTOGRAPHERS CAPTURE ALL M.C.H.S. ACTIVITIES.

The Yearbook and Newspaper would not be possible without the help of our people who seem to always have cameras. TP LT: Carolyn Patlovany was a new photographer in the later part of the year. TP RT: The Camera Club, under the direction of Fr. Foster, tried to arouse some new talent and interest in the field of photography. BT LT: Our photographers: (L to R) Carol McDonald, Tommy McKenna, and Stephanie Stehling. BT RT: Head Photographer Carol McDonald had her camera till the end.

ZELO STAFF FINDS JUBILATION AS WORK IS COMPLETED

One is the loneliest thing there could ever be. Considering seven, as the entire yearbook staff of '75, the feeling of loneliness departs as an instilling feeling of shock, efficiency and acceptance grows. As time goes on, we realize these feelings and question ourselves as to if it will ever be finished; the ability of seven people; and the acceptance of the student body. As Mt. Carmel captured the facts of 1975, the Zelo recorded the smallest Yearbook Staff in history. The strain of having to teach, plan and carry out this production can itself drain the enjoyment and fun one can receive from working on a school yearbook.

TOP: When one becomes Editor of the Yearbook, not only does she take on the responsibility, but all of the jobs her staffers avoid. Linnitta Madonio works on senior layout. BT LFT: Keith Liles writes copy and headlines for the sports section. BOTTOM RIGHT: Peggy Cox glances through other yearbooks for some ideas.

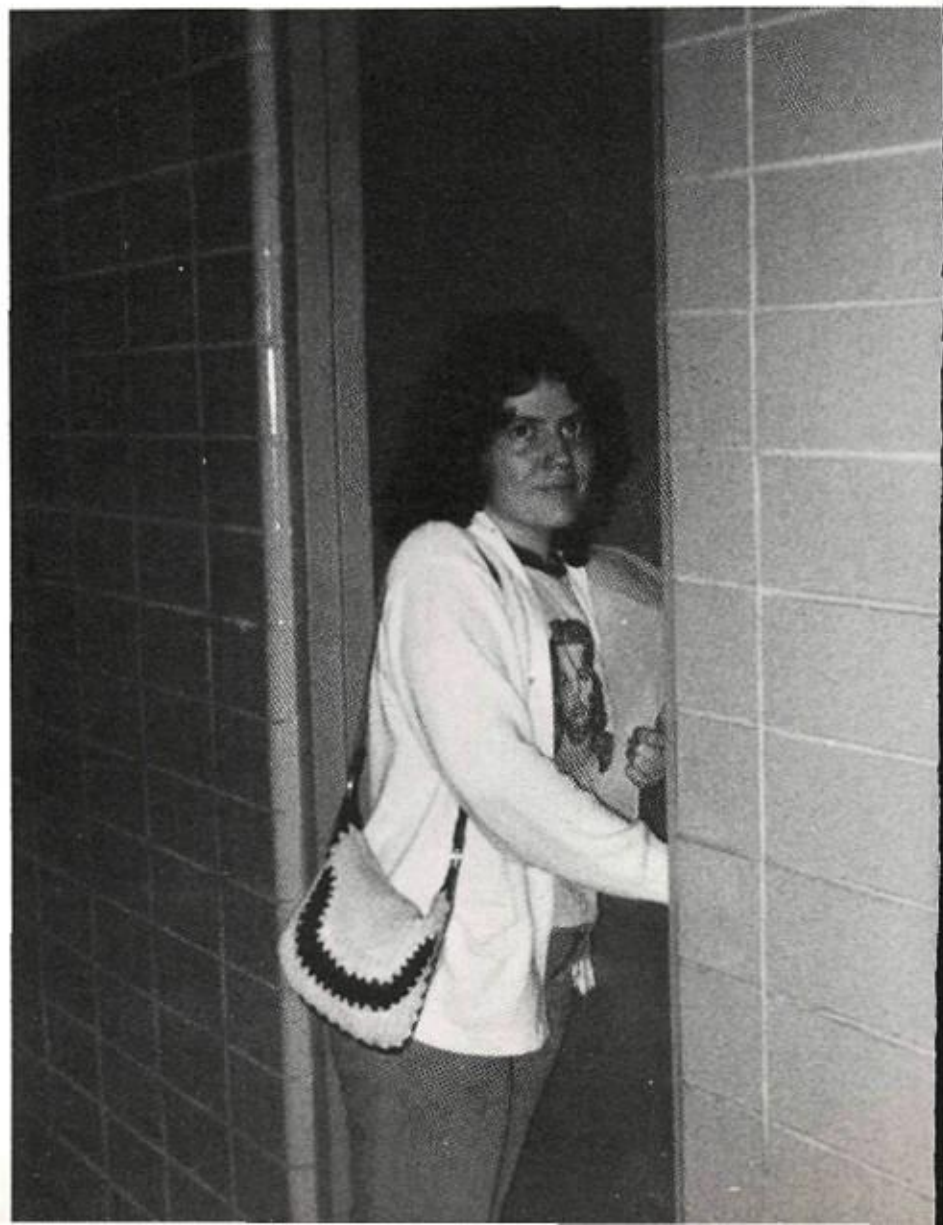

TOP: The cropping becomes hard at night as Peggy Cox uses the light machine to work. MID LT: Staffer, John Stone, draws up layouts for his respective section. MID RT: Editor and Co-Editor go through new Zelo pictures. BOTTOM: Room 105 after a long workshop session.

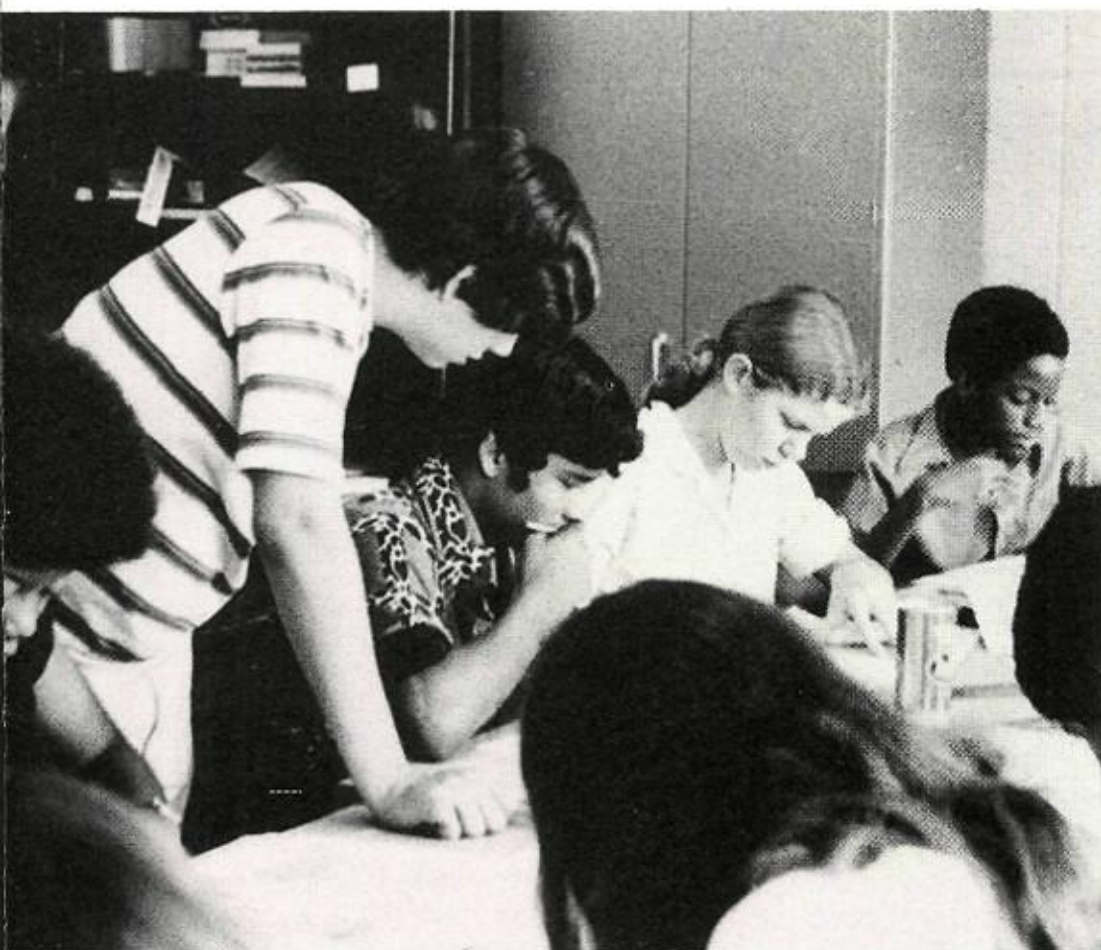

ZELO WORKS TO PUT FINAL TOUCHES ON 1975

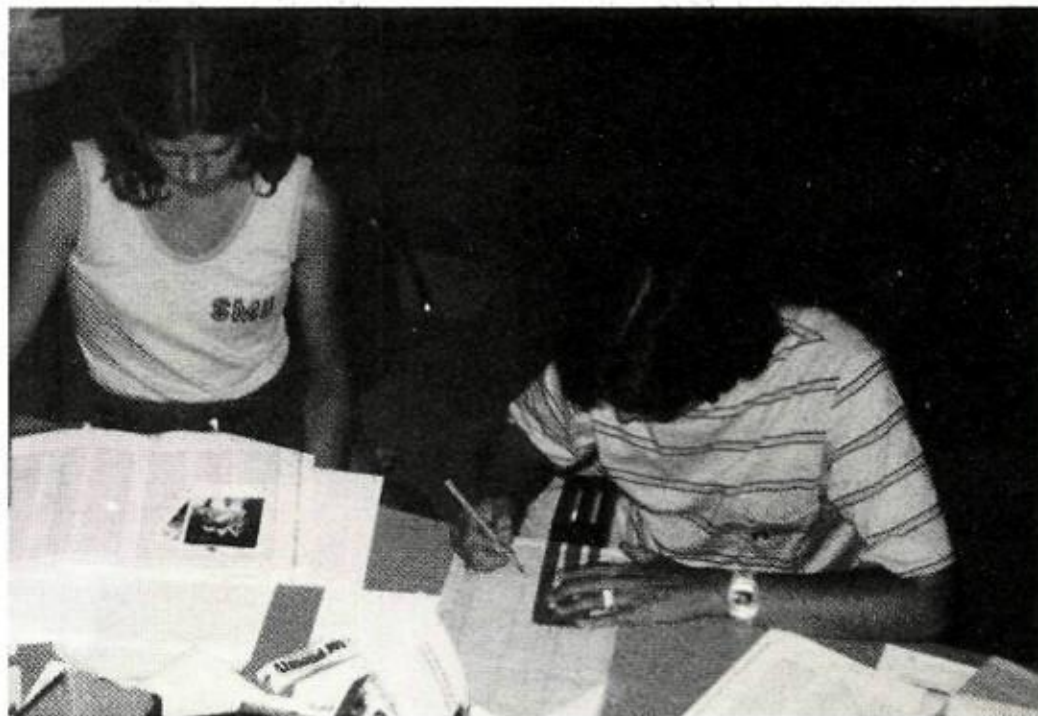

TOP: Editor and Co-Editors put last minute ideas into the copy of the '75 yearbook.

MIDDLE: This is what our yearbook is all about—all the facets of putting the Zelo together successfully. BT LT: During a workshop, Carolyn Patlovany contributes her ideas to headlines. BT RT: Editor Linnetta Madonio shows a sign of relief when the 1975 Zelo is a reality.

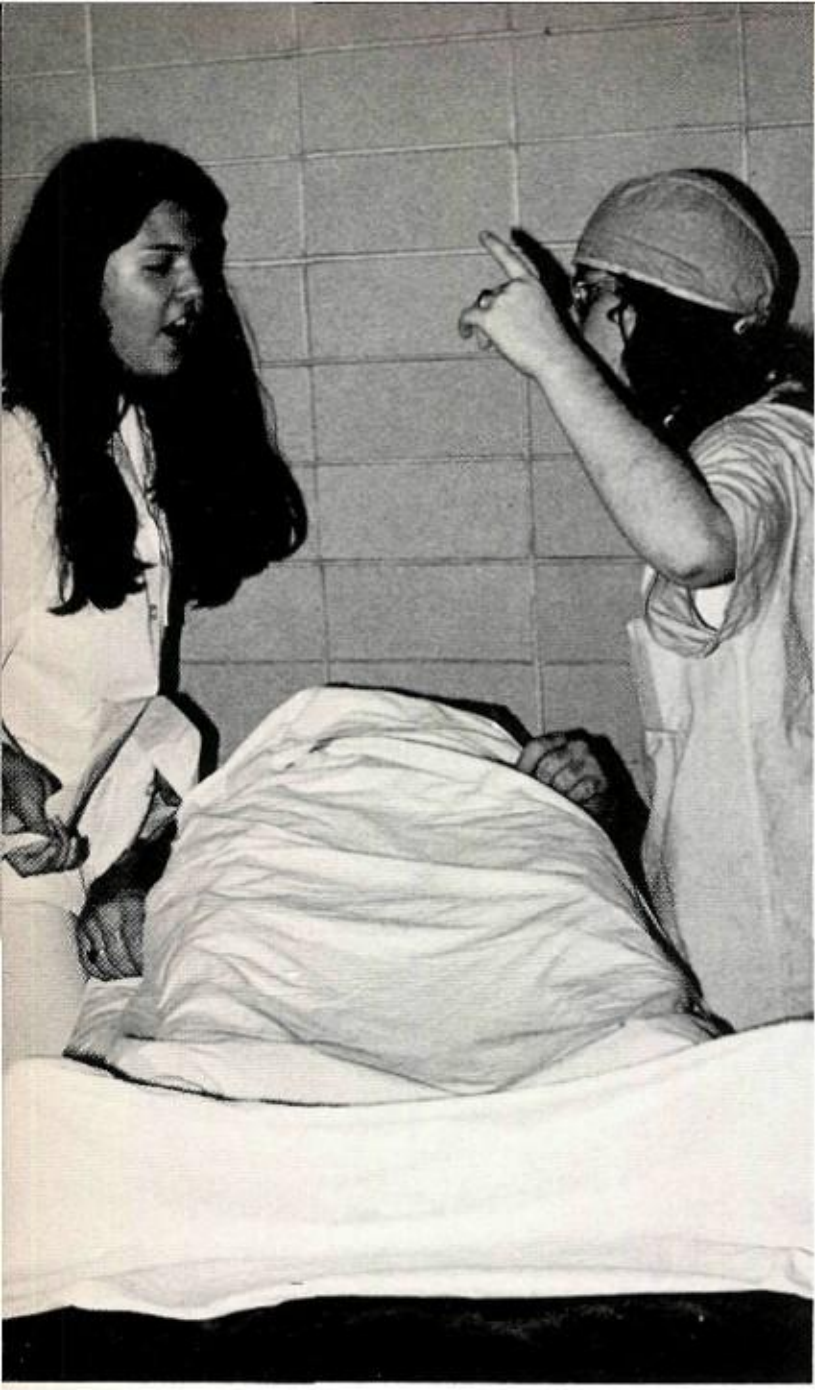

Some may say that it isn't heavy, but to us it is and it's our job. The Yearbook Staff found that especially this year, the road was a long one when it came to producing a yearbook. To capture the events, no matter how large, is important in someone's life. You find the many winding turns, as only those on the staff could ever experience. Yet we were strong, and did carry on to make your 1975 Zelo. Is it heavy? Only the yearbook staff knows for sure.

TOP: The first thing that occurs in the course of production is the teaching of the many interested students. MIDDLE: Peggy Cox and Keith Liles work on the choosing and cropping of pictures for their respective sections. BOTTOM: Miss Linda Croto gave of herself to the yearbook in a special way. She sponsored the Zelo for the entire 1975 production.

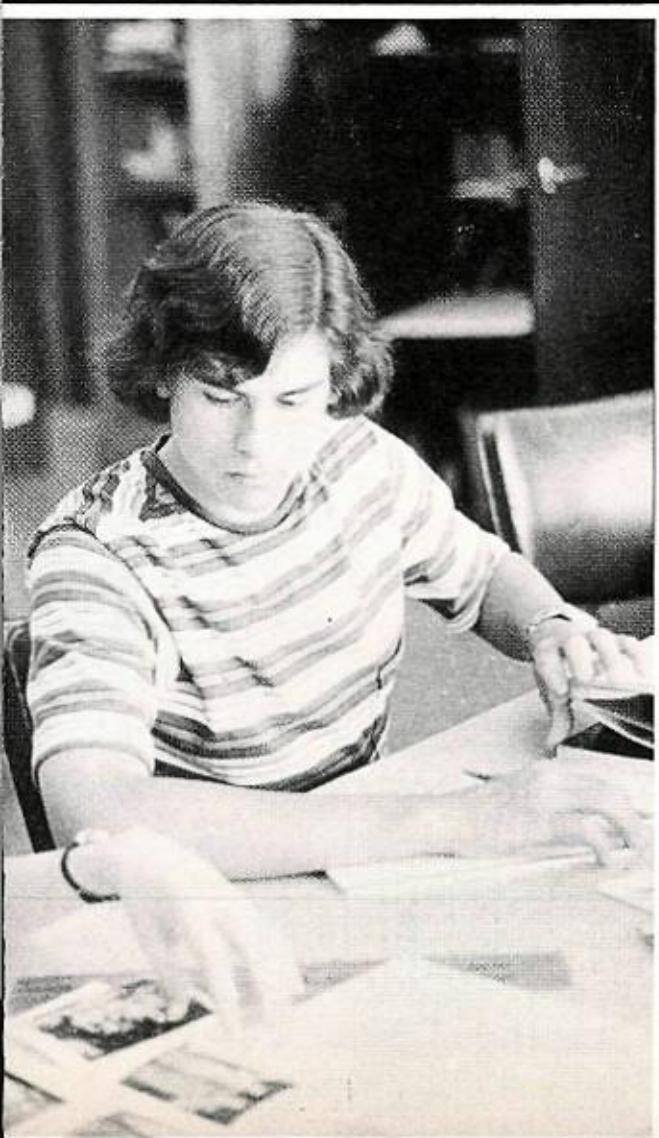

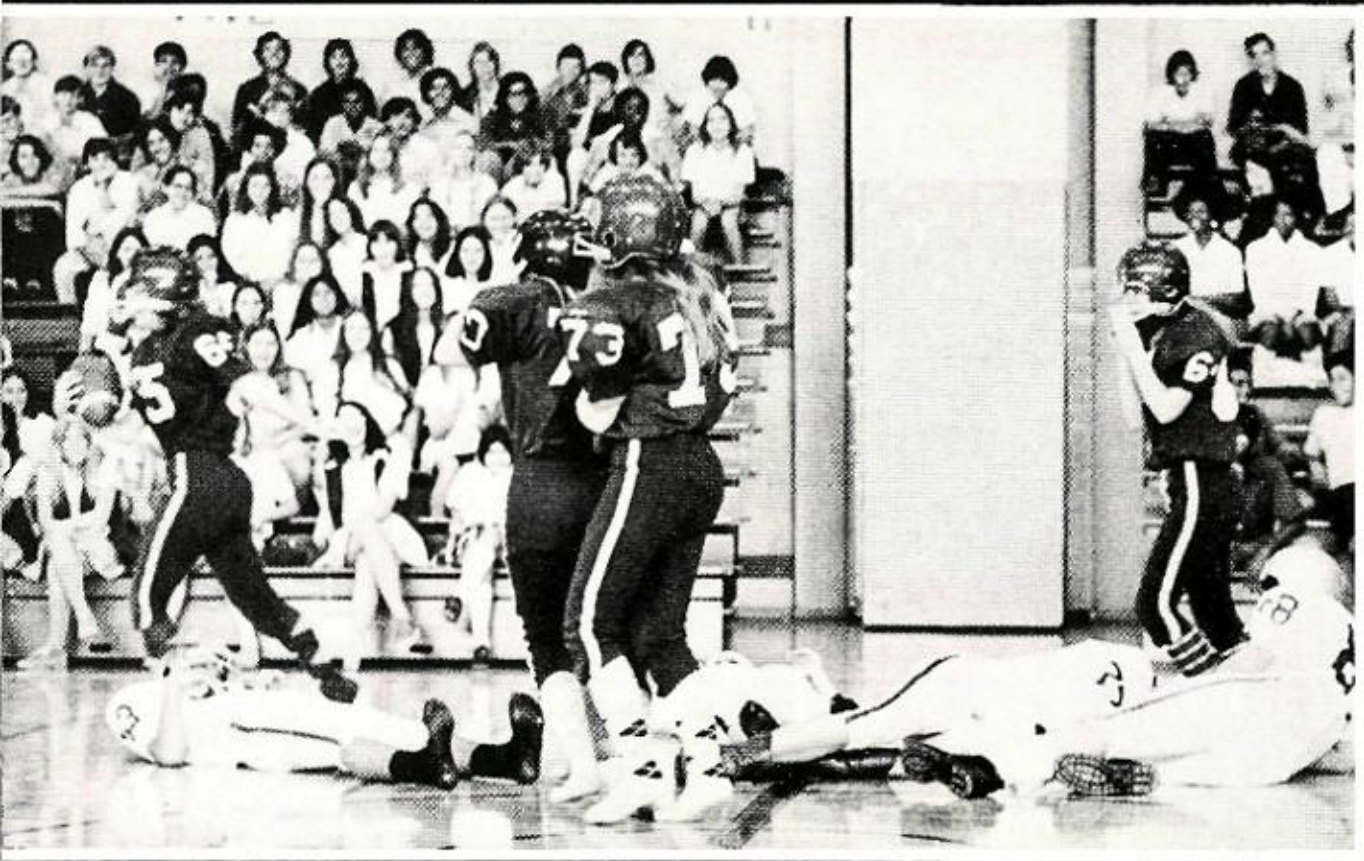

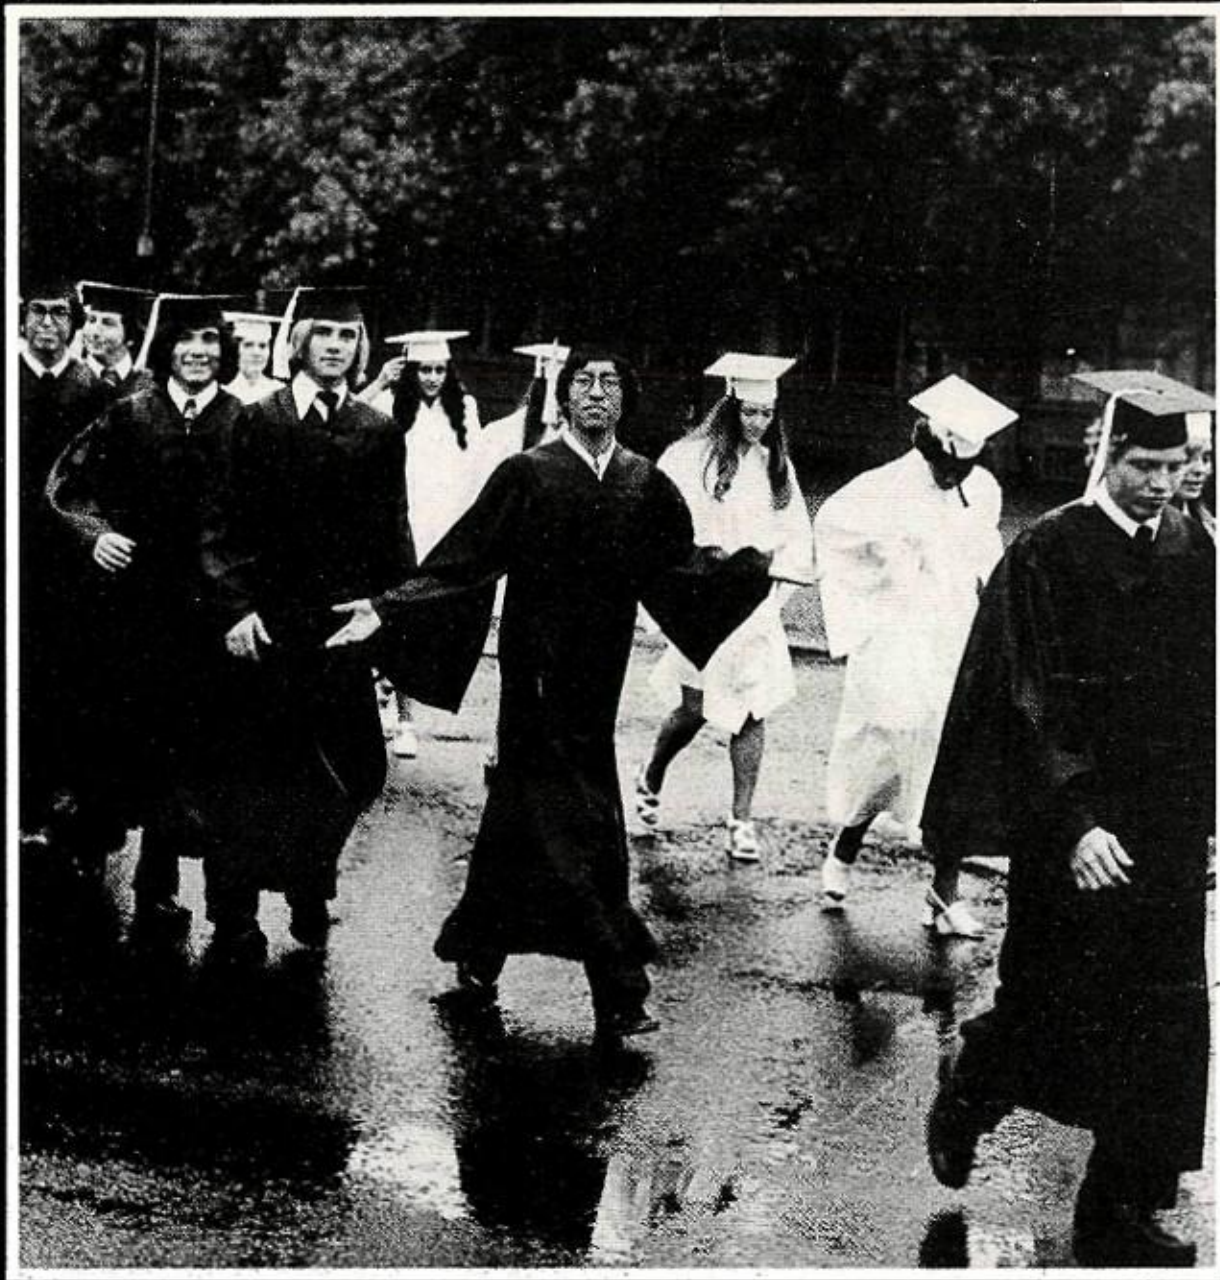

STUDENTS

We are the ones who make Carmel exist. When our time is up, we grow to see the new, open roads which allow enough room for our minds to expand. We explore the many sideroads along the way but always return to the familiar one. It's a long, long road ahead.

*SOME OF US HAVE BEEN TOGETHER
FOR A LONG TIME. WE WILL NOW SEE
EYE TO EYE. FOR SOME, WE'RE JUST
BEGINNING BUT FOR SOME, WE'RE
ON OUR WAY.*

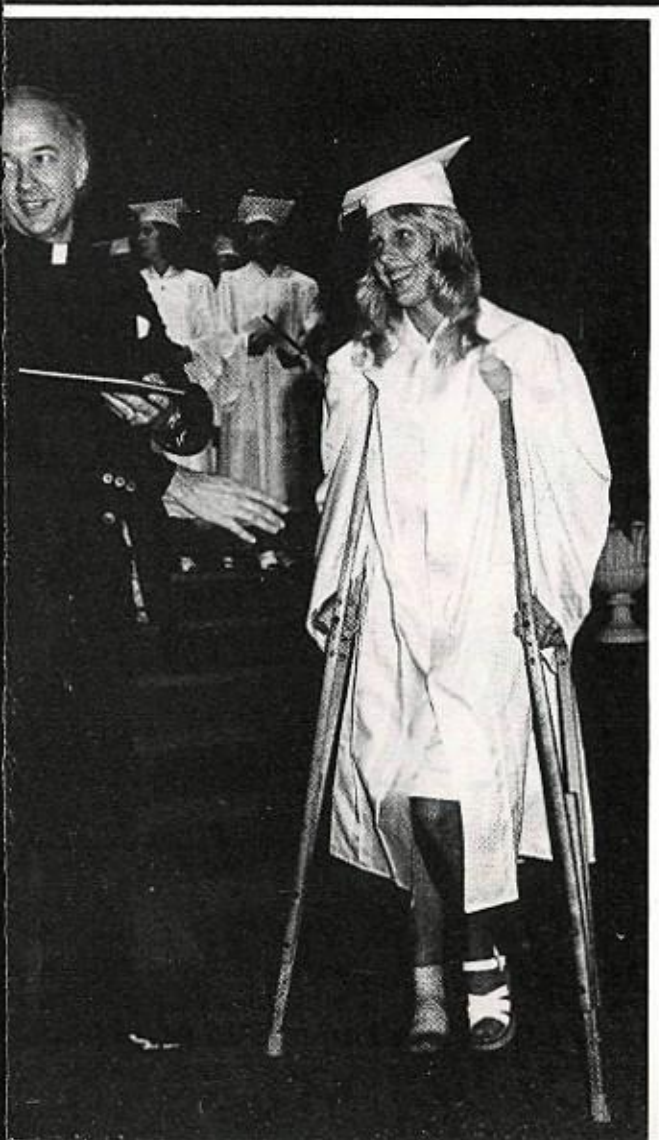

SENIORS

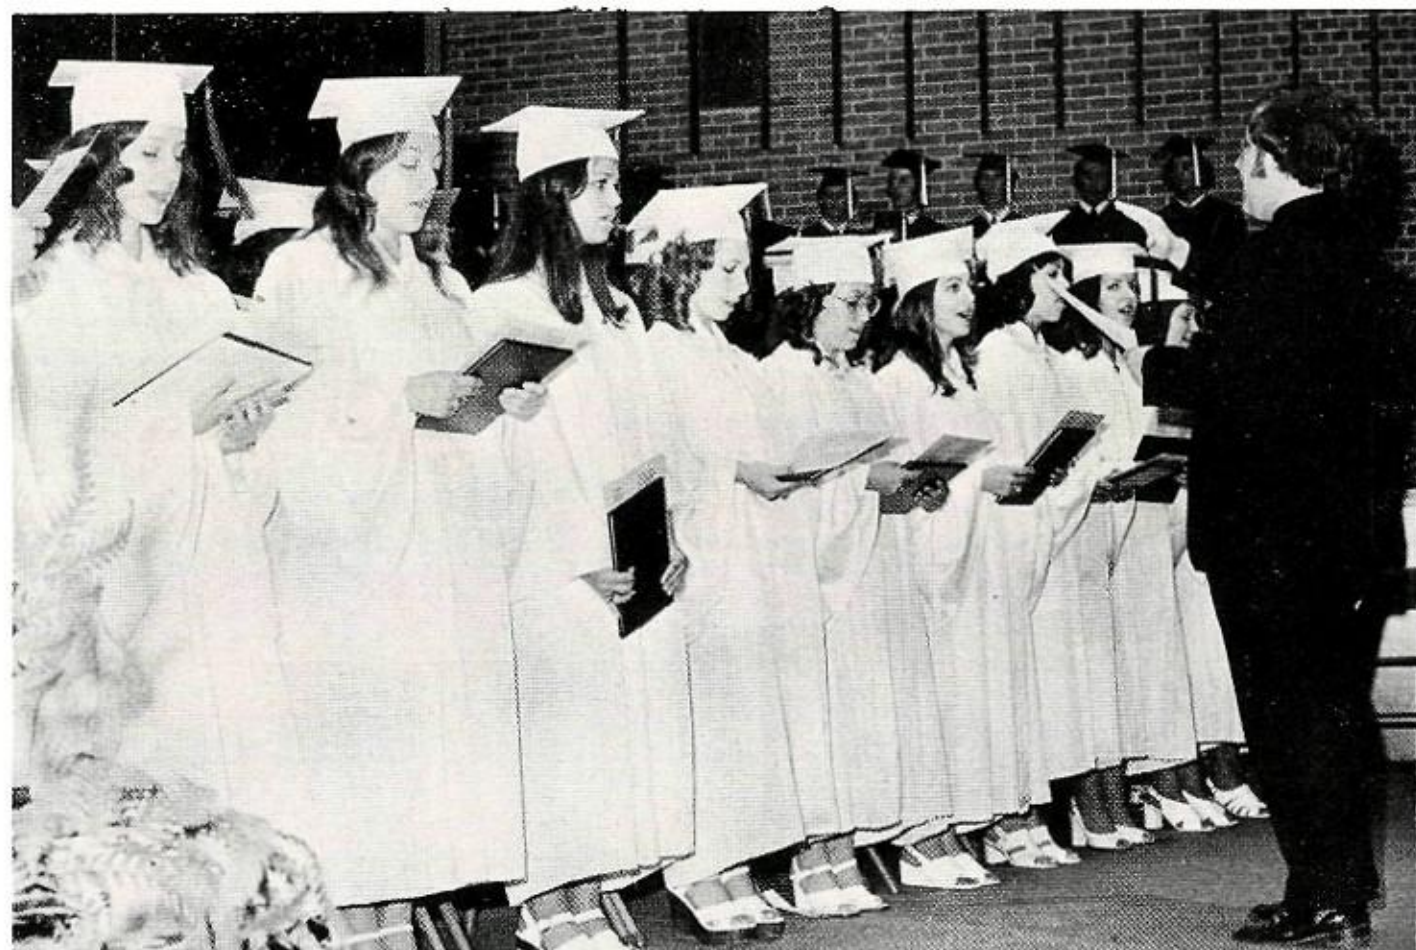

We now spread our wings to fly into new, open blue skies. We worked long and hope for the best. Being leaders held something of great value but it could not have been unless we were one class. Our time is now over. Go now, friends, for today is the first day of your life.

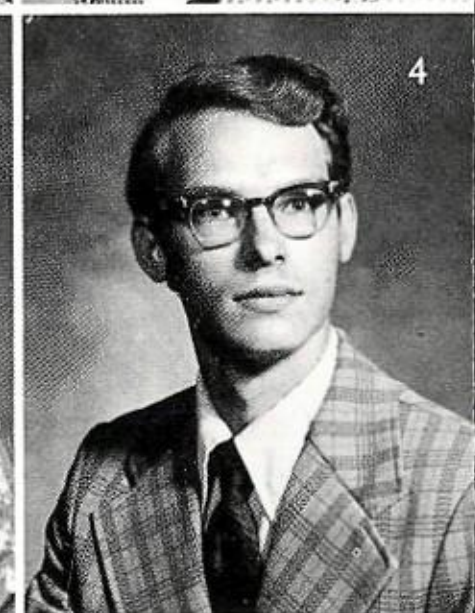

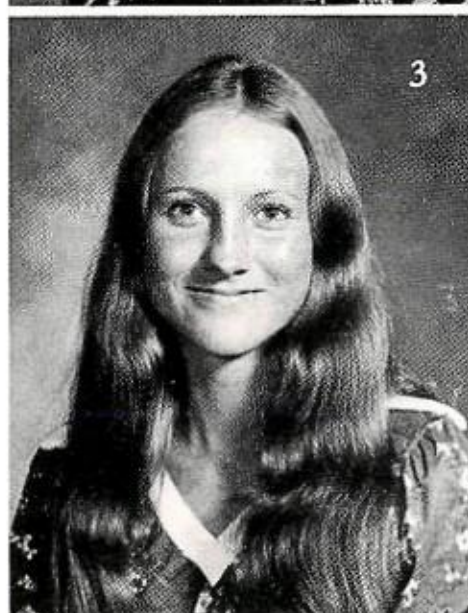

THE MANY ROADS AND HIGHWAYS WILL
LEAD TO GREAT THINGS. LET US HAVE
THE COURAGE TO CONTINUE ON OUR
JOURNEY. SO FAR, WE'VE MADE IT.
KEEP ME GOING LORD.
